

OPPOSE LEASE OF FRT. DEPOT AS W'AREHOUSE

Village Asks Removal of Structure; Stop Erec- tion of Station

The Arlington Heights village board wielded the ax in several directions at its meeting Monday night. It went on record as opposed to the leasing by the railroad company of part of the freight depot to the Lake-Cook Farm Supply Co., which is affiliated with the Farm Bureaus of Lake and Cook counties. The board also directed the legal department to reopen, if possible, the case previously dismissed by Judge Koplin against the contractor of the new gas station at the highway and Vail street for the removal of certain trees without proper authority.

The board also authorized the building commissioner to stop further construction of said gas station for infraction of the local building code and directed police department to enforce the order of the commissioner.

In a discussion of the freight house lease, the members took the position that when the freight house was moved to its present location it was understood that at some future time a smaller building ample for such a purpose would be constructed away from the center of the business district. The members now feel that the leasing of the property to the farm company gives a new permanency to the building which is not in accord with the city beautiful plan of the park board and the continuance of the building, a relic of 50 years ago, is a blot in the appearance of the local business district and a reflection upon the progressiveness of the village itself.

The contractor erecting the new gas station was recently arrested for cutting down trees without a permit. At the trial before Judge Koplin, the contractor presented plans upon which he claimed he had obtained a building permit, also a receipt for \$5.00 from the treasurer's office as a fee for the installation of cement driveways. The judge took the position that the issuance of the receipt for the money was a technical permit for the removal of trees.

Attorney Thal, upon inquiries of the board members, differed with the judge as regards the status of the receipt and he was directed to either have the suit reopened or a new one started.

Building Commissioner Pavel, who was present that evening, claimed that the blue prints upon which he had issued a building permit and the one presented in the court of Judge Koplin were not identical. Checking of the two prints revealed that they were not the same.

The wrath of the board members, however, was more particularly aroused by the action of the contractor in erecting an eight inch wall, when the village building code gives 12 inches as the minimum thickness. It was claimed in the discussion that when the job was figured by local contractors and material men, they prepared their estimates on a wall thickness of 12 inches, while the contractor, who is from out of town is erecting the building with an eight inch cinder block wall.

The building commissioner said police was authorized and directed to stop all building operations on Tuesday morning, which they did. It is understood that the present structure will be lined with brick to have it meet the requirements of the code.

Attorney Thal stated that the contractors of the big sewer had asked for a conference in Chicago Tuesday morning between themselves and a committee of the village board in an effort to reach an agreement on what credits should be given to the village for incomplete work for the purpose of making a final settlement between the two parties. The board did not authorize any committee to make a definite agreement with the contractors, but agreed to meet Wednesday night to receive the report of the committee.

Mayor Flentie reported that a school patrol of seven relief men would be established within ten days.

Estimates were approved for the payment of \$10,901.58 to the contractors engaged in the PWA projects. The payment to the Simplex Valve and Meter Company was contingent upon their presentation of reports to each board member of the work done in connection of the water leakage survey.

The treasurer reported that delinquent water bills had been cut down \$200. Bills and payroll amounting to \$1678.79, were passed. Included in the bills was one for \$500 for 12,000,000 gallons of water received from Arlington Jockey Club.

Routine reports were given by the various departments.

Merle Guild Post Hosts to Arlington Heights Veterans

Remember the old saying "Come and get it." You first heard this when you wanted seconds during mess time back in 1917-1918. Later on some bankers swiped the phrase when they wanted you to get your money on deposit and now comes our own local legion post, Merle Guild, with an invitation to all ex-service men in town to attend a dinner to be held at the Legion Home, Tuesday, December 11, at which the Veterans of Foreign Wars will be the honored guests.

The principal speaker of the evening will be Joe Bernhard of Mt. Prospect. Gene Bernstein will be on hand to entertain you with a lot of sleight of hand tricks and hypnotism. Boy! Gene is good and if you think we are kidding you ask Johnny Wilson, Vic Pecchia and Ed Pingie.

Jules Spahr and his accordion will be there. The Baron will be absent, but Charlie will be on hand. Rubinoff and Paderewski will be around and ready to entertain.

The date is Dec. 11—Tuesday. The place—Legion Home.

A good feed, good speakers, splendid entertainment, excellent music.

We will be expecting you—don't disappoint us.

CHRISTMAS DOLLAR DAY ISSATURDAY

Four Stores Offer Special Bargains for Saturday On Christmas Gifts

To stimulate early Christmas buying three Arlington Heights stores have announced a Christmas Dollar Day for Saturday, Dec. 8. The special prices that are quoted on Page four of this paper for that day all represent reductions under the regular prices and mean a distinct saving for the Christmas shopper.

The stores co-operating in the Christmas Dollar Day are The Emerald Shop, Arlington Bootery and G. H. Wilke, the jeweler.

The Nu-Vail Food Shop and restaurant is also offering special food bargains in honor of the day. These advs. will all be found on page four of this issue.

Bullets Pierce Home, Buildings, Trees, Post In Barrington Shooting

The "Battle of Barrington" last week in which "Baby Face" Nelson and a federal agent were fatally wounded and a second government man killed, gave Barrington a lot of excitement.

The home of Mr. and Mrs. Clayton Watkins, four blocks away from the scene of the shooting, was struck by two bullets, one of which embedded itself in an outside wall, and the other of which went through two walls and embedded itself in the side of the living room. No one was home at the time of the shooting.

At a service station located directly opposite the scene of the shooting, a bullet passed through a gasoline pump and another struck a wall. The swinging sign of another station nearby was hit several times. Two bullets embedded themselves in a telephone pole, and a small tree was pierced by a bullet.

Between 17 and 20 Barrington people claim to have seen the shooting. Hundreds of people saw the bandit car in a Barrington garage and went to view the battleground.

Special Session Costs People \$30,500 Total

The recent special session of the legislature cost Illinois taxpayers a total of \$30,500. The session, the fourth during the last 22 months, was called to extend the state sales tax. The appropriations necessary to meet the expense of the special session are:

\$25,000 for payment of members and mileage.

\$3,000 for officers' salaries.

\$500 each for the house and senate.

\$2,000 to pay employees.

The sales tax has brought to the state treasury a sum in excess of \$40,000,000 during the last year. The state property tax which it replaces has averaged \$26,000,000 during the last 10 years.

Swan Returns to Wild Life; Flies Away from Arlington Park Lake

If a swan alights in your yard one of these days, do not think that it is a wild fowl, but use a little patience and capture the bird, or notify the Arlington Park Jockey Club. Said swan whose wings have never been cut, has frequently left home, only to return at night. But this time the bird has gone on a wild jaunt. The superintendent wants to get the bird back. Help him, if you can.

FARM BUREAU MEETS TODAY AT LA GRANGE

Indiana Farm Leader Will Speak; Directors to Be Elected

Members of the Cook county farm bureau are gathering at 10 o'clock this morning in the Masonic hall in LaGrange for their annual meeting. Harvey Hull, president of the Indiana Farm Bureau Co-operative association is the featured speaker of the meeting.

Discussion, elections, and entertainment are also on the program. Lunch is to be served by members of the Home Bureau at Lyonsville. Present members of the board of directors are Frank Diekmann, Charles Erickson, Henry D. Gewecke, D. A. Niefeldt, F. W. Pore, Earl Siemsen, Tom Welter, Louis Dieckhoff, J. F. Precht, Homer J. Long, Ezra McClaughry, Henry Schilf, Henry Schramm, C. W. Sternitzke, and Fred Hartmann.

Last night they gathered at Elk Grove center, Higgins, Touhy, and Elmhurst roads, at a Farm Bureau County Life Insurance company celebration termed "Radio Night." A radio program received at 8:30 o'clock was the highlight of the evening.

Music, entertainment, and lunch provided the evening's entertainment, and many prizes were awarded. The meeting was in a way a celebration of the sixth year of the insurance company's activities.

FREE TICKETS TO CHILDREN FOR MOVIE

500 Children to be Guests of Herald Next Tues. & Wed. at Arlington

Do Arlington Heights children like to attend a good movie? The Herald means to find out and is therefore offering 500 free tickets to children under twelve years of age. These tickets will be honored at the Arlington theatre either Tuesday, Dec. 11, or Wednesday, Dec. 12. The attraction is "Gridiron Flash."

In order to safeguard against the indiscriminate distribution of tickets, they will only be given to parents who ask for them, or to children who have a note from parents.

Any teacher who desires to take her pupils to the movie in a body will be given tickets for the entire group.

These tickets are available for children attending any school in Arlington Heights or any of the neighboring rural schools. Do not hesitate to call and ask for the tickets.

11-Year Old Boy Shot In Playing With Rifle

Noble Kuecker, 11-year old son of Mr. and Mrs. Emil Kuecker of North Belmont street, Arlington Heights, was shot Sunday afternoon by a .22 calibre rifle with which he was playing. The bullet struck the youth's chin and ranged upward, lodging in the cheek near the temple.

He was taken to the Mt. Prospect hospital, and then by Chief Carl Skoog of the Arlington Heights police to the Cook county hospital. The weapon was the property of a neighbor.

New Troop in N-W Council Brings the Scout Total to 675

A new Boy Scout group, Troop 25, of Des Plaines, has been admitted to the Northwest Suburban council. It brings the total number of Scouts in Des Plaines to 125. People interested in California are being offered information and special excursion rates to the San Joaquin valley by H. F. Redeker, Arlington Heights realtor, who has become local agent for the Western States Land association, 35 South Dearborn street, Chicago. Under the direction of Mr. H. Perz, Sr., formerly colonization agent for the Chicago, Milwaukee, St. Paul, railway, the association is offering various kinds of land for sale. Mr. Redeker offers a 53-page illustrated booklet by the Santa Fe Railway, telling of the San Joaquin valley which he will be glad to mail to anyone writing to him, office, 8 South Dearborn street, Chicago.

Wm. Busse Dean of County Commissioners Begins Term

The newly elected Cook county officials and nearly all of them are Democrats assumed their offices Monday amid ceremonies and congratulatory speeches. The Democrats did not have all the honor, however, as the five county commissioners from the county towns who were inducted into office that day are Republicans. To one of these, the ceremonies was an old story. William Busse, who is the dean of the county board, was entering upon his ninth term. He has served continuously except during the time of the Bull Moosers.

Mr. Busse, is a Republican first, last and all the time, but as a public servant he handles the affairs entrusted to him on a business basis, free from political taint. He has gained such a reputation in that regard that he is looked upon as one of the watch dogs for economy and a foe against waste of public funds and has won the admiration of members of the county board irrespective of party.

In delivering his inaugural address Monday, Clayton F. Smith, the new president of the board, paid a bit of tribute to Mr. Busse and his colleague Mr. Miller. Those who have watched Mr. Busse thru the 32 years that he has been an official of Cook county discovered a long time ago that for a man to continue in office it is not necessary to have a part in graft, lavish spending of public funds, padding of payrolls, etc. During all these years, the political opposition has never been able to "pin" anything on Bill Busse.

Mr. Busse has always taken an important part in the affairs of the county, except perhaps at times when he or his ideas were too strongly in the minority. Mere minority has not meant that his ideas have not frequently been adopted as there have been many times when the leaders of the majority have looked to Mr. Busse and his fellow Republican members to help them put over worthwhile projects in opposition to the wishes of some of the members of their own party.

Mr. Busse, first secured county wide recognition when during his term as president of the county board he completed the court house without any payment of extras to the contractor. He started the juvenile home and was active in the rebuilding of the county hospital. The location and building of the Oak Forest Infirmary occurred during his administration. It was he who insisted that provision be made at Oak Forest for married couples to reside together and it has been Mr. Busse who has kept that practice in force although efforts were at one time made to separate the wives and husbands.

He had a big part in the organization of the forest preserves. For many years he was chairman of the road and bridge committee and has been a member of that committee practically all of the years he has served on the board. He has stood for the development of the preserves and the road system upon an economy basis consistent with good service to the public.

All Republican members were given chairmanships at the organization of the board members. Mr. Busse is chairman of the county building; Miller, legislative; Caldwell, education; Erickson, aviation; Carlson, the zoo.

ASKS PARKING RULES TO AD- BUSINESS HERE

Village Board Acts Upon Request of Lions Club; Limit to be 60 Min.

All day parking in the center of the business district of Arlington Heights is to be brought to an end. It was left to the Lions Club to start action which will stop an abuse that has been the source of many complaints for several years on the part of both business men and local residents.

A communication from the Lions Club addressed to the village board was presented at the meeting of that body Monday night and Attorney Thal was directed to have the necessary ordinance ready for the next meeting.

In the meantime the police committee had prepared a suggested "parking zone," but the boundaries of that zone will be left to a discussion of the matter by the board at the time when the ordinance is presented for passage.

The tentative suggestion of the police committee would establish a limit of one hour parking in the business district south of the railroad except upon the northside of Davis street.

Chief Skoog reported that a check-up had revealed that some commuters make a practice of parking their cars in front of business places the entire business day. The parking ban would be lifted at 6 p. m. and there would be no limitation in the district north of the track at any time.

Body is 4-Hour Wonder; Crowds in Niles Center

"Baby Face" Nelson was a 4-hour wonder to Niles Center Wednesday afternoon. The body was found about noon after an all morning search by Chief A. C. Stolberg and Niles Center police. The clothes had been found earlier in the day.

The bandits body, nude except for a blood-soaked bandage and an auto robe, lay in Haben's funeral home from noon until about 4 o'clock when it was taken to the county morgue. Meanwhile scores of reporters, photographers, and news-reel cameramen flocked into the building and took turns crowding into the small preparation room for photos and interviews. A crowd of curious people gathered outside.

Thieves Take Turkeys

Thieves, out for a Thanksgiving dinner, stole 30 turkeys from the Deer Grove Park turkey farm owned by Henry Schirching of Palatine and located at the Northwest highway and Dundee roads. The theft occurred November 27. The robbers clipped the wires of two fences to get at the birds.

Thanksgiving Baby Arrives At The Home of Weidners

It is not every baby who can arrive on Thanksgiving Day so Norman Anthony chose last Thursday to arrive at the home of Mr. and Mrs. Clem P. Weidner, near Buffalo Grove.

LITERATURE OF FHA PROGRAM IS DISTRIBUTED

Arlington Heights Com- mittee Fires First Gun in Housing Drive

Pupils in the grade and high schools at Arlington Heights were given literature to take home on Wednesday afternoon as one of the first steps in the Arlington Heights Better Housing Program whose drive is getting under way.

Tuesday night the local committee headed by John Allen met with K. C. Griswald of the Chicago FHA office to discuss plans and problems. The contracting of local business. The contracting of local business drive has not yet been completed.

However, local contractors, material dealers and real estate dealers are conversant with the FHA plan and are able to give any information regarding it, states Mr. Allen, who offers his help at any time to anyone interested with details or any other problem regarding the FHA program.

Committee Announces

The committee has announced that all nearby banks, trust companies, building and loan associations, farm-credit institutions, and other lending agencies authorized by the FHA to make loans under Title I of the National Housing act are ready to go ahead in accordance with the rules and requirements of the housing administration.

The money is made available to borrowers as "character loans" through these lending agencies only, according to Mr. Allen. Never does the borrower deal directly with the Federal Housing administration or the committee, Mr. Allen pointed out.

Property owners who receive a regular income and who are found to be good credit risks may borrow. Financial agencies are insured by the Federal Housing administration against 100 per cent of all loss, provided the total of such loss does not exceed 20 per cent of the total volume of credits advanced.

Summarizes Method

Mr. Allen gave a concise summary of the method of obtaining a loan, as follows:

1. A modernization loan is solely for the purpose of repairing, altering, or improving your home or other buildings. Diversion of the money to other purpose is prohibited.

2. The loan cannot be for less than \$100 or more than \$2000. The borrower must have a regular source of income equal to at least five times the annual payments.

3. The loan can be made for terms of 1 to 5 years, but may be paid in full earlier than the maturity date if the borrower desires.

4. Maximum charges, including interest and all fees, cannot exceed an amount equivalent to \$5 per \$100 of the original face amount of a 1 year note, deductible in advance.

5. The property owner must file a property owner's credit statement, showing his financial condition, sources and amount of income, and other information necessary to determine his ability to repay the loan.

Bank Advances Money

If the bank considers the improvements advisable, and the property owner able to meet the payments when due, it can advance the money on the personal note of the property owner. No mortgage or collateral security is necessary unless the bank officials demand it.

Mr. Allen asks each property owner to do these things:

"Look over your properties, especially your home, and determine what improvements are necessary or advisable. Get the exact estimates of their costs. Take these estimates to your bank or other lending institution and apply for a Modernization Loan, which you should get if the improvements are justifiable and your income sufficient to repay the loan. Then sign the note and tell the contractor to start at once. If you are doing the job yourself, buy the materials and go ahead with the work."

Local Friends Attend Funeral of Seyferlich Fire Commissioner

George K. Volz, who has been a personal friend of Arthur R. Seyferlich, Chicago fire commissioner, was among those who attended the funeral services held Tuesday and officially attended by state, county and city officials. The services were held in the Oriental consistory, where the body had laid in state, thence to St. Paul's Evangelical Lutheran church, where largely attended and much honor was paid to the man who has served the Chicago fire department so many years and was at its head at the time of his death. Mr. Volz car was accorded a place in the line of march.

About the last official act of Mr. Seyferlich was his attendance at the recent fortieth celebration of the Arlington Heights fire department, which he attended out of friendship to Mr. Volz, although he was a sick man at the time. He with his strong will and force of character. Many who met him that evening for the first time became his admirers.

Arlington Merchants to Give Christmas Prizes

COLLECTORS OPEN OFFICES FOR TAXES

Receipt of Payments Began Thursday; All Tax Bills Show Reduction

Tax bills for 1933 are out, and the rate indicated shows a welcome decrease from last year's bills. Personal property bills are payable at once, in full, and the Real Estate bills are made out in two installments, with the first half of the bill due now. A penalty will be added to the real estate bill due at this time if it is not paid before January 1. The second half of the bill can be paid now, and those who pay will receive a discount of 12 3/4%. A penalty on the second half of these real estate taxes for 1933 will be added after May 1, 1935. In order to make the payments convenient as far as it is within their power to do so, the township collectors will keep office hours at times and places which are centrally located to receive the payments.

The tax books will be in the hands of the Township Collector for three weeks, and must be returned on December 24, at the close of business, so this date is the last that payments can be received. There is a general sentiment in favor of paying taxes to the local collector, within the dates specified, as money so paid becomes available for local use earlier than if paid the county treasurer.

Paul Holste, Elk Grove Township Collector, will be in the Mt. Prospect State Bank every day from December 6 to December 24, except December 20 when he will be at the Itasca State Bank for convenience of the taxpayers of the south end of Elk Grove township.

Wm. Annen, collector for Wheeling township, will be at the Peoples State Bank of Arlington Heights from Dec. 6 to Dec. 24, except Dec. 12 and 19 when he will be at the Wheeling State Bank, Wheeling, Ill., and Dec. 17 at Mt. Prospect State Bank.

1933 Tax Bills Correct; Refunds to be Made on Errors in 1931 & 1932

For the benefit of the taxpayer who has made a practice in the past of paying his tax bill in full to the tax collector and thereby has not received the benefit of the reduction subsequently allowed by the county taxing officials, the following statement has been issued by Messrs. Wm. Annen and Paul Holste, collectors for Wheeling and Elk Grove townships respectively.

"County Tax Officials advise that the errors made in 1931 and 1932 have been corrected, and assure us that the figures on the 1933 tax bill are correct. They further assure us that any one who has paid the 1931 tax bill in full and/or the 1932 tax bill in full will receive credit on their 1934 tax bill for these amounts. No adjustments however, are made on the 1933 tax bill, as it will take at least six months for the County to compute these figures. The adjustments will consist of a 15% reduction on the value of the building for 1931, 15% reduction on the value of the building for 1932, and a rate reduction of 3% on the 1932 bill. These 15% reductions, of course, apply to classes 1 to 16 (homes, 2 and 3 flat buildings)."

Wm. Annen, Wheeling, Paul Holste, Elk Grove.

The above notice, which can be considered official means that the man who has paid his taxes the last two years in full is to receive fair treatment and a refund on his 1934 tax bill. The 1933 tax bills are correct and there will be no further reductions on it.

Auto Attempts to Climb Ornamental Lamp Pole

The Chevrolet of Jule Precht, which he loaned to Tony Selic of West Wing street, attempted to climb an ornamental street lighting pole at Stonegate at 4 a. m. Monday. The car nearly won. The pole, with its base was pulled up by its "roots" and the car was tipped at an angle of 45 degrees when the police arrived upon the scene.

PATRONS OF TWENTY STORES WILL BENEFIT

Individual Store and Com- munity Wide Gifts are Announced

It is going to pay the people of Arlington Heights and surrounding territory more than ever before to do their Christmas buying there this year. In addition to individual and co-operative prizes that are being offered by the stores selling Christmas merchandise, a score of the other business establishments are co-operating in an effort to make this December the biggest sale month in the business district of Arlington Heights since the palmy days of '27 and '28.

Food stores, beauty parlors, coal dealers and others are lending their aid to increase the number of prizes that will be available to award Christmas eve. The names of the stores which are offering the prizes will be found in a half page announcement on page 8 of this issue. It is expected that other stores will join the movement before Saturday, when the first of the prize tickets will be given out. Placards in windows of co-operating stores will identify the establishments.

Some of the stores are offering individual store prizes, to be awarded to someone of their customers. Others are giving prizes that will be awarded from a Community chest that will be placed in the entrance of the J. D. Flentie office, the former Peoples Bank building.

Responses Coming In From 1000 Letters Sent By Health Seal Workers

Christmas Seal contributions are being received daily in response to the 1,000 letters sent to the residents of Arlington Heights last week by a committee headed by Mrs. John Allen, Christmas seal chairman of Arlington Heights Health committee.

An urgent appeal is made for immediate replies from these messages of health, good cheer and happiness in the form of the 1934 Christmas seals in order to facilitate the work of the committee.

Several interested friends have purchased \$5 Health Bonds. "The purchase of seals and bonds is not an act of charity, but rather a means of obtaining health insurance for the purchaser and his community; and it is gratifying to see the number in our community who are manifesting an interest in this form of insurance," says Mrs. Allen.

Mrs. Charles Pavel of Wing street, has made frequent visits to see her sister, Mrs. Stella Tesch Kimmer, who has been ill for some time in her home at Des Plaines.

Mrs. H. A. Kossack took Mrs. H. M. Blume and her niece, Elizabeth Garland, to the University Research hospital in Chicago, where Mrs. H. F. Garland is under treatment, Monday this week.

The storm last week played havoc with the wires in this locality. The airman in this district had no need to climb eight or nine miles into the stratosphere to find trouble climbing poles in the high wind and untangling wires out of commission, gave them plenty to look after on the surface.

Mrs. Lauterburg and her children and grandchildren, the August Steins, and Will Lauterburg and his son and her grandson, Walter and her daughters and son at home. A goodly family gathering though many were missed from the old time larger group.

Mrs. C. P. Draper recently enjoyed a surprise visit from her sister, Mr. and Mrs. Wm. Blumner and her niece and family, Mr. and Mr. Kenneth Howard from Beverly. They brought to her a wave of the old time cheer when many gathered to enjoy the hospitality of the Draper home.

Mrs. H. F. Ackley had a recent call from her nephew, Robert Wing, who has a position in some line of school work in the city and has little time for visits.

Mr. and Mrs. Harold Fitzpatrick came home from St. Louis for the holiday and dined with Mr. Fitzpatrick's parents, Mr. and Mrs. Charles Fitzpatrick, Thanksgiving.

Greda Labinger had a birthday O so happily to mark her entrance to the "teens" her mother gave a little party for her in her parents' home on West Eastman. Mrs. Labinger invited little girls to share Greda's birthday celebration. They were Frances Lamulwilschi, Lillian, Fuhr, Helen Palmer and Myrtle Pederson. These little friends brought little gifts. They had some very good and even the cakes, a mountain of delicious delight made by Greda's mother. You may be sure Greda and her guests will never forget her birthday.

Miss Jackson, accompanied by Mrs. Sachs, and two other friends (not patients) drove over to Evanston Friday last week.

The Social "500" club met Thursday afternoon this week with Mrs. Raymond Freise, in her home for cards and a pleasant social time.

Mrs. Elroy Winkelman entertained twelve guests at bridge in her home Tuesday afternoon this week.

The Cook County Gardeners and Farmers association, local No. 11, of Arlington Heights, will hold their annual meeting in the Wilson school, Palatine road, Tuesday, December 11, at 8 p. m.

KRANZ—SCHUETTE

Miss Emily Kranz, daughter of Teacher and Mrs. Rudolph Kranz and Mr. Max Schuette of Chicago, were joined in marriage in her family home Thanksgiving eve. Pastor Noack solemnized the sacred marriage vows.

This was a quiet, dignified home wedding, without unnecessary fuss and feathers. It would be well if we had more of this kind in these days of depression.

Mr. and Mrs. Schuette will make their future home in Chicago.

Gus Tried to be Cupid, But It Did Not Take

Gus Franberg has reached that age when he enjoys playing the part of cupid and is very much disappointed that his purchase of ten cents worth of rice Nov. 26 for the boys to shower upon Marvin Rodewald as he left town to spend Thanksgiving at the home of a young lady, brought no results. Marvin returned without the bride which the Herald accepts as proof that Marvin has no intentions of becoming a benedict. The rice was a wasted effort, Gus.

Neighbors

New citizens arrive the past month, viz: Nov. 6, a son, born to Mr. and Mrs. Paul Schmidt on Dundee road. Mr. and Mrs. Melvin Baker are parents of a daughter, born November 17, 1934.

Mr. and Mrs. Frank Stily, a son born November 19.

Mr. and Mrs. Bryce Thomas welcomed a daughter to their home November 19, 1934.

Mr. and Mrs. Harley Bird, parents of a daughter born November 25, and the daughter born to Mr. and Mrs. Wilbert Wagner November 29 (noted elsewhere).

Mr. and Mrs. Lester, Aldrich, parents of a son born December 1, 1934.

Great cause for Thanksgiving when on Thanksgiving morning there arrived a wonderful guest when Mr. and Mrs. Wilbert Wagner became the parents of a daughter, born that morning, November 29, 1934, and there was a whole armful of her, in fact eleven pounds. Her name is to be Jean Elizabeth.

Who shall say what December may yet add to our population?

We didn't learn in time for last week's paper, what these folks were going to do Thanksgiving day, so will tell you now.

Mrs. George Dobbins and children spent the day with her son, Lester and wife.

Mr. and Mrs. Joseph Wisersky and children were in Chicago with Mr. Wisersky's mother.

Mr. and Mrs. Paul Williams entertained their aunt, Mrs. George Williams from Chicago.

Mr. and Mrs. L. E. Wilson and son, Dick, spent the day in Evanston with Mrs. Wilson's sister.

Mrs. Perrin and daughter, Bernice, were in Chicago with Mrs. Perrin's sister.

Mr. and Mrs. Hugo Behrel were in Chicago with Mr. Behrel's brother.

Herman Scharringhausen and Mr. and Mrs. Otto Scharringhausen spent the day at the home of the former's daughter, Mrs. Herman Meyer.

Mr. and Mrs. C. F. Laurin and children were guests of Mr. and Mrs. H. Runge, former Arlington Heights residents, but now in Chicago.

Mr. and Mrs. Wm. Bockmeyer and children, who were wishing for snow, found plenty on their return from Des Moines, Iowa, where they had spent Thanksgiving with Mrs. Bockmeyer's mother.

Henry Grandt, Sr., father of Charles Grandt is recuperating from an operation performed a week ago at the Lutheran Deaconess hospital.

Mr. and Mrs. Donald Wallace and baby son were Sunday dinner guests at the home of Mr. and Mrs. John Monroe.

Because of the fourteenth birthday of Harney Easton, Jr., came the day following Thanksgiving, it made a most satisfactory ending to the week when his mother invited several schoolmates to spend Saturday evening with him. Although it was a complete surprise, Harney, Jr., was quick to recover and participate in the games and fun. Mrs. Easton served a dainty lunch with the birthday cake as the crowning feature.

Sunday guests at the home of Mr. and Mrs. Homer Bowlin were Mr. and Mrs. Rhimb and Mr. and Mrs. Youngman of Chicago. Mr. Rhimb, who is a manufacturer of X-Ray cells, came to view Arlington Heights as a possible future residence and site for his factory.

Mrs. Walter Schuette entertained the Eveready club at her home Tuesday and will be hostess Friday afternoon to the Des Plaines club.

Thursday afternoon, the pin-tickle club met with Mrs. Pfleger.

on State road.

Wednesday afternoon, the South Side or Neighborhood club met with Mrs. William Busch on South Evergreen. And did you know that the club was so named because its members were among the first to establish homes on the south side.

Just a bit of surprise to you who have been calling Bernice Gawthrop, by that name. She has been Mrs. Carl Erickson since last summer. Mrs. Erickson left Thursday evening to join her husband in Omaha, Neb., where they will make their home. Our best wishes go with them.

CHRISTIAN SCIENCE CHURCHES

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism De-nounced," was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 2.
The Golden Text was, "Beloved, follow not that which is evil, but that which is good. He that doeth good is of God; but he that doeth evil hath not seen God" (III John 1:11).
Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The foolishness of man perverteth his way: and his heart fretteth against the Lord. A false witness shall not be unpunished, and he that speaketh lies shall not escape. Hear counsel, and receive instruction, that thou mayest be wise in thy latter end. There are many devices in a man's heart; nevertheless the counsel of the Lord, that shall stand" (Prov. 19:3, 5, 20, 21).
The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Corporal sense defrauds and lies; it breaks all the commands of the Mosaic Decalogue to meet its own demands. . . . The corporal senses are the only source of evil or error" (p. 489).

Observers Notes

This is my prayer that we may see Love building all humanity; That God will teach us from above To bear to all His gift of love; And that as one we'll seek to bind Men, women, children, all mankind. It matters not if some are bad, De we being them the light we've had? Driving out wrong, nurturing right Have we shown them the highest good? Binds men in one true brotherhood? God sped the day when we shall see Man's brotherhood—Humanity.

Thanksgiving past, and Christmas in the offing. These questions trouble our minds. All these poor sin driven humans who furnish headlines, picture sheets and radio sensations, are they not our brothers?

Someone speaking of the picture of one of the latest slain criminals taken as a little boy said, "Such a pretty child"—who is to blame for the man he grew to be? "Am I my brother's keeper?" Are we not all responsible?

How shall one keep from being depressed by the newspapers, magazine and radio tales of man's inhumanity which makes countless thousands mourn. No person would choose to remain ignorant of what goes on in the world today, yet there seems no way to change it. You know the wise one said there's is nothing you should worry about if something goes wrong within your power to remedy, right it alone. If beyond your power to help, cease worrying—Ish-ki-bibbel (why worry?)

Don't you think all our half a million soldier heroes who fought to make the world fit for Democracy, will be comforted to read that England's King is to have a

good supply of warm socks (or is it socks?) for a Christmas present, and the half length cloak Queen Mary wore to the wedding was crusted all over, every stitch with diamonds? We saw diamonds on sale at the "Country Store" last week for five cents a piece.

This is a sorry time to brag about "Cheerio" when one's cranium is packed full of shades of depression, yet here comes the jolliest message from one of the Arlington group out in California, with a pretty magnolia flower in its glossy green leaves. Dear little friend, how good it was to hear all about that group.

They met in the home of Mr. and Mrs. Richard Helmkin, described as a place of marvelous beauty, natural scenery and artistic landscaping. In this company so hospitably entertained by this royal host and hostess were the Dietrichs, Mrs. Olive Allison and her sister, Mrs. House, Mrs. A. F. Volz and Mr. and Mrs. N. C. Volz, Mrs. McNeil and Mr. and Mrs. Charles Hewitt. A happy gathering of old friends, Mr. Helm and his son.

Our friend, says Mr. Helmkin, has the most beautiful roses she ever saw. On the table Mrs. Helmkin placed two beautiful bouquets of white roses intertwined with smilax. O, it takes California to draw old neighbors together. Mr. Helmkin has a large crop of avocados, a thousand "lugs" or crates, as we call them.

Mrs. Volz spoke of attending the Woman's Aid society where Mrs. Charles Hewitt is the capable president. It was held in the Presbyterian church and Mrs. Dirk Lay, the wife of Rev. Kossack's friend, was the speaker of the meeting. The Dirk Lays are there because of his breakdown, and inability to go on with his work. He is in California to recuperate his health and strength.

We were glad to learn that Mrs. Allison got through safe. Here we had all been in a jitter about her

safe bus journey. Now Mrs. Volz tells us she and Mrs. Allison started west the same time. Mrs. Volz by train, Mrs. Allison by bus, six hours earlier. They arrived at their destination at the same time. Say, folks, let's go out to California and have a nice old time party. We think that southwest wind Friday night, was a gale, but out there when they have a hurricane, they speak of it as an ordinary wind, and a slight earthquake is not worth mentioning. You know what St. Peter told the man at the gate when he found he was from California, he better go back there. Heaven wouldn't suit him.

There I go as dull as a hoe, Getting off that stale wisecrack; There comes no cheerio, I've started and can't turn back. There are so many things of which one wishes to write, yet there are reasons now to refrain and much not worth telling over, as our newspapers and radio broadcasters convince us.

Hail December, the last of 1934, May it leave a closing page cleaner and better than any of the eleven months preceding. The old saying, "Well begun is half done."

May mean the best for the month. You see the trouble is old time's eye glasses only showed us our town, county and pen pictures of the state. Now radio, telephone and newspapers spread out the whole world to our view. (Continued next week)

Approximately 50 per cent of the automobile accidents occur at night, although night traffic is but one-fourth as dense as day traffic. Night driving, therefore, is about four times as hazardous as day driving. At night danger is not always observed. Drive with extra care after dark.

When Smoke Talked Across the Miles

Before white men ever saw the rich lands that have become the farms of today, communication was a necessity even in the simple lives of the Indians. Today the telephone supplies the communication so necessary to the modern business of farming these same lands. It is a quick, two-way link between the farmer and the rest of the world. Used for business it often effects savings. Socially it is a comfort and a joy. Even if used only for protection, it still is worth every penny of its small cost. If you are without this essential aid to farming, call our Business Office, or any telephone employee will gladly help you place your order.

Reese-Kolze Nuptials a Large Wedding, but Reporter Missed it All

Miss Lydia Reese, daughter of Mr. and Mrs. Wm. Reese was united in marriage Oct. 10, to Edwin Kolze, two months ago, but the Herald Reporter was late in discovering the news. The ceremony was performed by Rev. Fricke at the home of the bride, who was attended by Erna Reese, as maid of honor; Mrs. Richard Wilke and Miss Hilda Meyer as bridesmaids; Dorothy and Jean Kolze as flower girls and Henry Finke as best man. A large reception was held in Meyer's Park that evening. The bride and groom are residing in the Reese apartments.

Dr. and Mrs. E. H. Savage entertained as guests Thanksgiving day a company of family relatives in their home on East Euclid.

Mrs. D. G. Beaty had, as you know she would, a dandy good time visiting her cousins out in Iowa over the holiday. What if she did have to get out of the car and wade in a snow drift to her knees, she didn't whine, her nephew had a heated car and knew how to drive it. They made the trip to her home here from Clarion, Iowa, 350 miles, leaving there at 7:30 in the morning and got here at 6 o'clock p. m. Could you beat that?

Mr. and Mrs. Henry Henig were dinner guests of his family in the city Thanksgiving day.

Mr. and Mrs. Albert Russel, East Euclid, entertained guests from Park Ridge Thanksgiving.

Elliott's Spend Thanksgiving in Kansas City but Fight Big Snow Storm.

Mr. and Mrs. Elliott and daughter, Dorothy, of Arlington Point Service Station, returned home Sunday from a week spent in Kansas City where they went to spend Thanksgiving with Mrs. Elliott's mother, who is 86 years old. Returning home they were held up a whole day near Springfield, Mo., on account of the snow. They enjoyed the entire week, including the blizzard. Mr. Elliott's brother, of Watson, Ill., was here to help his son at the service station during their absence.

Arlington Collegians Home for Thanksgiving

Thanksgiving brought many Arlington Heights college students home for a holiday. From the University of Illinois came Carl Klehm with his sister, Mrs. Margaret Walters and her husband, Charles J. Walters, Miss Harriet L. Barrett, Miss Grace Barrett. With Klehm was Richard Will, a schoolmate from Massachusetts. Students of Valparaiso college at Valparaiso, Ind., who were home were Fred Gieseke, Edgar Flentje, Lester Malzahn, and Robert Meyer. Home from Northwestern was Miss Dorothy Muis. Miss Ethel Fessler was home from work at the University of Chicago, and Miss Lois Fessler and Willard Fessler from studies at North Park junior college in Chicago. Wilson Whitmore was home from Eureka college at Eureka.

THANKSGIVING PROGRAM

Arlington Heights grade school pupils in their Thanksgiving program given in the Presbyterian church gave an operetta from "Plymouth Rock" an operetta given 6 years ago by pupils from the school. A playlet, "Red Shoes at Plymouth" was given by members of the school's dramatic club.

Boy Is Killed

Dale Sherman, 20-year old Barrington boy, was killed November 27 on the Northwest highway just south of Main street in Barrington. The accident occurred as he turned left in front of a milk truck about to pass him. He was the son of Mr. and Mrs. Frank M. Sherman.

'Judge Priest' Great Role, Says Player

The most successful pictures Will Rogers has made are those in which he has worn old clothes. On many occasions these have been the identical overalls and jumper he wears on his ranch.

Rogers says so himself, pointing to "David Harum," "State Fair," "Lightnin'," "Mr. Skitch," "Handy Andy" and now "Judge Priest." "I feel more comfortable in old togs," declares the comedian, "and feeling at ease, I can give a better performance."

"What about 'They Had to See Paris,' one of your greatest pictures?" asked an interviewer. "In that production, as I recall it, you wore evening clothes and several tailor-made outfits."

"Well," drawled Rogers, "that's the one that proves the exception. Some said I suffered from microphone fright, but it wasn't so. I was afraid the people would laugh at me instead of at the character. So far as my pictures are concerned, Will admits that he regards most highly his newest, "Judge Priest," which will arrive at the Arlington Theatre on Sunday and Monday, Dec. 9 and 10.

I. A. A. Head to Speak

Earl C. Smith, president of the Illinois Agricultural association, will address the annual meeting of the McHenry county farm bureau January 10 in Woodstock.

Woman's Club Notes

Wednesday afternoon, December 5, the president, Mrs. B. C. Jarvis, entertained the board in her home in Jarvis Wood.

The date of the next regular meeting of the club will be held as a Christmas sewing bee in the home of the president, Wednesday, Dec. 19. Those who having sewing to do are invited to bring it with them and keep busy. Those who have none ready to bring, come any way.

Wednesday afternoon, December 5, the club members were guests of Manager Gotschaw and his able assistant, Mrs. Gotschaw at the movie picture to enjoy Charley Chan in "London." Wasn't that a big generous thing for those picture people to do? Just wait till you hear about it next week.

Don't forget December 19, and the Christmas sewing bee, with the president, Mrs. B. H. Jarvis. A summary of committee duties will be given in our next report.

Arlington Heights Garden Club Question Box

CHRYSANTHEMUMS

At this season of the year we are all interested in the beautiful colors of the chrysanthemums and most of us wish we could grow this beautiful flower. This flower has been a favorite among gardeners for many years not only in this country but in many of the European countries, particularly in China and Japan.

The native home of this flower is China where today we can find growing wild some of the early ancestors which are golden in color as the name chrysanthemum signifies "Golden Flower," but this ancestor is very small and insignificant, measuring only about one-half inch in diameter, and resembling our small wild flower daisy Fleabane, or small wild aster. Some of the common flowers that are in relation to this beautiful flower are the ox-eye daisy, and the corn marigold.

This plant was introduced into Japan about 2000 years ago. Today this flower is the national flower and imperial emblem of Japan. It might be interesting to know that the chrysanthemum flower show originated in the imperial gardens of Japan. In 1764 the chrysanthemum was introduced into Europe and at a later date into the United States, where many of the finer varieties have since been developed.

Most of the varieties are scentless. However many have an odor that is disagreeable to most people. The average length for blooming is about six weeks for inside growth.

This question is often asked, "Can I grow a certain variety in my garden?" The answer to this question for many varieties is "yes," providing you are not interested in securing bloom. In other words many of the beautiful varieties are very hardy but the growing season is too short in this part of the country to allow blooming of all varieties. This flower ranks fourth in commercial growing value in the United States.

Several have asked, "How can I care for my potted chrysanthemums?" After the plant has finished blooming remove the old flower stalks. Place the pot with the few new shoots in a cool place, preferably at a temperature of 50 to 60 degrees Fahrenheit, with just enough water to keep them alive.

Some have wintered chrysanthemums by putting the pot, after removing the old flower stalks, in a cold frame and covering rather well.

When spring comes take the pot out and permit the shoot to start to grow. When about 4 inches in height make slips. (Details on slip and starting of plants will follow at a later date.)

"What can I do about the green insect that appears on my chrysanthemums and other plants?"

These insects are called plant lice or "aphids." This insect sucks its food, therefore we have to use a contact spray, one that will burn its body. One of the best sprays for the aphid is black leaf 40 which is mixed with water in the ratio—1 part of black leaf 40 to 150 parts of water or for small quantities 1 teaspoon to 3 cups of water.

This should be sprayed on in the evening or on a cloudy day so as to prevent the spray burning the plant when the sun strikes it. A good plan is to spray in the evening and then wash the plants with water in the morning.

Watch for the topic of "Growing Hardy Chrysanthemums."

MERLE GUILD POST No. 208 AMERICAN LEGION

Our last meeting was a nice, short and snappy one—it was called for at 7:45 p. m., but somehow or other that it was a little early—really we got started shortly after 8:00 and the reason was that most of us intended to attend the district meeting at the Norwood Park Field House.

Boy and how it rained and to top it all off Vic's windshield wiper decided to act up and being good Legionnaires, we stopped off at Doc Williams station on the highway. "Doc," you know, is a slick mechanic, and after waving his hands around the wiper and saying a few words in French a la plain English cussing, the thing wiped and off we started.

We finally landed in Norwood Park and Johnny Scholow said he knew where the field house was—over there are its lights and then started a ride, please remember that all streets in Norwood Park are laid out in a circle and it seemed that we started on the outside circle and after circling around a while—Yes we were sober, we had our chaplain, George Hughes in the car—we finally drew up to a parking space about three quarters of a block from the field house and then with a mad dash we made it for the entrance and landed there nice and wet. George Palmer acted as a greeting committee and our felicitations were so loud and friendly that the chair had to tell us to "lay off."

Man, it may have rained that night, but was it a meeting, it was—Joe Bernhardt knows how to run meetings and Tom Davies, the chief speaker of the evening knows his English—both words found in and out of the dictionary. In another column I'll give you the hokey about the meeting.

Thirteen of us made the trip—we will put up the list on the bulletin board of the Legion home. Now having thirteen men go to a district meeting in a driving rain, is something to be proud of and it showed the district that Merle Guild Post is still in it and going strong.

Look on the bulletin board of the Legion home and find out what committee you are on and then strut your stuff.

The committee chairmen appointed to date are—Membership, Griffith; Americanism, Pope; entertainment, Page; finance, May; legal, Hoss; service, Engelking; visiting, Hughes; athletic, Bowlin; Boy Scout, Ballard; employment, Kurtz; and our past commander Browne, as Judge Advocate.

George Palmer will handle

graves registration and Memorial day and Jim McElhose is our color sergeant.

A rising vote of thanks was given Frank Ballard for his splendid work in seeing to it that our troop of Boy Scouts were able to be at the Boy Scout encampment over Armistice day.

What do you say about starting a Sons of Legionnaire's in our post. If in favor of it get in touch with Charlie Miller.

Don't forget the dinner on December 11 at the Legion Home at which the V. F. W. and all veterans will be the guests of honor. Spah will have his accordion there and yours truly will try to enveigle Al Adams of the Vets to bring his mouthpiece—sure we will have a good time and we are figuring on you and your service friend being there.

Auxiliary Notes

The meeting of Merle Guild unit was held Tuesday night and was attended by 23 peppy members, for everybody seemed to be filled with enthusiasm. Three new members were present Mrs. Chas. Page, Mrs. Forrest Nichols and Mrs. Krogman, also we were very happy to have with us two of our members who have not been out for a long time, Mrs. Whittemore and Mrs. Easton, happy to have them back.

Mrs. Pope, hospital chairman, told us about the Christmas plans of the State Department to give each veteran in all the hospitals of the state their choice of either

socks, handkerchiefs, tie, or slippers, a generous amount was contributed by our unit to the department treasurer to help pay for these gifts. Our unit is playing Santa Claus to 80 veterans in the U. S. Veterans hospital at Elgin, Ill. 80 boxes are being filled with fruit, candy, gum, nuts, cigarettes, cookies, talcum powder and anything else we might get contributed, so if you are called on for a donation, you will know it is for a very worthy cause. The slogan for this year in Rehabilitation work is "Let Us Give That They Might Live." Mrs. Pope would like used playing cards, old silk stockings and carpet rags to take to the hospital, so the boys might keep their hands and minds busy, just call her at 645-J, and she will be glad to pick them up.

Community Christmas parties are being given all over the Cook county by the American Legion auxiliary and the party for our district is to be held in the American Legion Home at Des Plaines, Dec. 20. Merle Guild unit are helping to sponsor this party and are sending 27 needy children under 12 years of age from Arlington Heights, each child will receive a gift from Santa and there will be a lovely program to amuse them.

A Christmas gift will be sent to Lila Lee (our orphan that we are sponsoring at the home at Normal, Ill.

Don't forget to mark January 10 down in your date book for Merle Guild Unit are giving a card party and dance, watch this paper for the place, I know you will have a good time. So long—will be chatting with you next week.

Who Will Win

Who will win the conference? Answering that question is a big order for lots can happen through three months of basketball. However we can give you an idea of what the coaches think about it and that about expresses our own opinion. Can Barrington, Libertyville and Palatine who tied for the top last year repeat their feat? Perhaps not, but all three are conceded to be among the four leading contenders.

A survey of the coaches of the conference while not complete, leads to the conclusion that Barrington is the favorite with Leyden next in line and Palatine and Libertyville scrapping for third. We feel that Barrington has the best five, but if you expend the number to seven or ten that Leyden has the best material of the league, and on that basis has an even chance with the Bronchos. On the other hand Leyden has a tougher schedule in our opinion.

Libertyville and Palatine look like the next two in line with both rated because of inexperienced material, but every possibility of nosing out the Bronchos and Eagles. New material will determine their positions.

Below the first four it looks to us like Antioch has the edge with Warren, Arlington, Bensenville, and Wauconda following on about even terms. Ela looks like the tail ender for they have the poorest material and the hardest schedule.

Have Tall Teams

Height is a great asset in basketball. The four teams rated as strongest are tallest as each boasts of three men over the 6 foot mark.

Libertyville tops the league for the size of their basketball squad with 75 receiving instruction, while Arlington has 70 boys practicing. Leyden and Palatine have 40 out for the cage sport, Barrington and Warren have 30 and Bensenville 25. No report was received from Antioch, Wauconda and Ela.

Basketball For All

One of the finest features of basketball in the Northwest Conference we believe is the policy in nearly all the schools of providing every boy who is interested with an opportunity to play. Almost all the schools have intramural basketball leagues, frosh-soph teams or some arrangement where basketball is offered for every boy. This in our opinion, is a very commendable policy and will not only be appreciated by the boys, but pay big dividends in improving the quality of play in the league.

Because of conflicting events in the town, Libertyville and Palatine changed the site of their first meeting to the Pirate court. As a result Serling of Oak Park, the official hired by Libertyville, will officiate at Palatine tonight. Later when the two teams meet at Libertyville, an Elgin man employed by Palatine, will referee.

Lightweights A Puzzle

Probably least mentioned and the hardest to predict would be the winner of the lightweight division this year. Some of the schools because of large size must keep 10 boys on their heavyweight squad who cannot play in lightweight games.

Other schools keep only seven out of the regular frame, thus allowing more leeway in the use of first team subs on the lightweight team. Palatine and Leyden finished in a tie for the lightweight title and both look to us like possible repeaters. Arlington and Libertyville, with huge squads should be represented by strong teams in the junior division.

Looking Far Ahead

Elgin won a thrilling overtime battle for Evanston last week 34 to 28. Evanston has one of the tallest teams in the suburban area while Elgin's veterans are nearly as tall.

Woodstock almost doubled the score on Maine township high in winning 27 to 15 recently. Looks like some classic competition at the Crystal Lake district tournament if these results mean anything.

Plan Full Coverage

Through the co-operation of the coaches of the conference we expect to have a full coverage of conference basketball each week of the season. All have agreed to send in box scores and particulars of their home games for a small consideration. We are open to and welcome criticism at all times. One conference coach writes, "You are doing a good job Mac" and another says, "We like your column and you have the best sport page in this section."

These sound nice, but we appreciate just as much the criticism of another who warns us against making the page top-heavy with Palatine-Arlington news and points the way to making the page truly representative of the conference. This is a mighty good aim and with the co-operation of the coaches we hope to make it a reality.

Decorate for Christmas

Downtown Barrington is to be decorated with lighted Christmas trees for the holiday season in a plan sponsored by the local Lions club and with each merchant paying for a tree and light installation.

BASKETBALL SEASON OPENS TONIGHT

LIBERTYVILLE
AT PALATINE
IS BIG GAME

Barrington, Leyden, Palatine, Libertyville Rate Most Powerful Fives

TONIGHT

Libertyville at Palatine
Arlington at Antioch
Bensenville at Warren
Ela at Barrington
Leyden at Wauconda

By GERALD A. McELROY

For the only time in the Northwest Conference basketball season, the 10 teams of the loop will enter tonight's games on an equal basis. As the lid is pried off the cage card three of the four most highly rated teams are expected to get the jump on the field.

The coaches rate Barrington, Leyden, Palatine and Libertyville as the strongest teams, and one of the last two named will start out with a defeat in the game at Palatine tonight. The Palatine-Wildcat tilt is the feature game on tonight's card with prospects even. Barrington entertains Ela, Bensenville travels to Warren, Arlington journeys up to Antioch, and Leyden opens at home with Wauconda in the other four games.

The Palatine-Libertyville tilt should be quite a battle. The two teams tied for the top last year when Palatine lost twice to the Wildcats who in turn were downed by Barrington and Arlington. Libertyville has only Isaacson, 6 ft. 2 inch center, from their team of last year. The Wildcat's lone letterman is a big boy weighing 185 pounds and a high scorer. Lightweights from last year who will assist Isaacson are Jaeger, Melendy, Worthen, Brown and Bennett. Other outstanding candidates are Dorlier, Peterson, Fritz, Langworthy, Harlan and Madden.

A Good Start

Coach Jack Martin's team has made a good start with victories over Dundee and Waukegan. Martin's boys won the district tournament last year and will be a leading contender of the conference without a doubt.

Palatine has played several practice games and while not having the high scoring possibilities of last season appears to have a well balanced outfit capable of playing consistent ball. Reuse, 6 ft. 2 inch forward and Hahnfeldt, 6 ft. 1 inch center are the veterans. Four other boys, Kruse, Engelking, Helms and Perry appear to have the edge in the race for the three vacant posts. Engelking and Helms were last year's guards, and forward and guard and won a major letter. Perry was a lightweight reserve, but has won consideration for his ability to sink baskets in which he is second to none on the squad.

The Pirates will not be as tall as last year, but are aggressive and good team players. They have lost to the Alumni and a couple of practice games to Evanston, but hope to start the conference season with a victory tonight, realizing that this is one of the most important contests of the year.

Bensenville at Warren
Bensenville opens at Warren tonight. The Grunee team, like others of the loop, is not exactly blessed with veterans having only Kenzie Zimmerman from last year. Zimmerman is a senior guard weighing 180 and standing 5 ft. 9 inches in height. He was one of the stars of the conference last year.

Coach Bob Kelton has five lightweight lettermen to use in filling the first team vacancies. Dixon, R. Rosene and L. Rosene are forwards, Wells a center and G. Brya a guard. Warren will again be handicapped by lack of height as only Wells is six feet tall.

Warren has looked good in practice games with Antioch and Wauconda and may have the surprise team of the loop and will surprise has a contender for first division honors.

Bensenville has two regulars from last year in Jennings a senior forward and Capt. Freeman a junior guard. Kinnaman and Koske, forward and center respectively are other heavyweight lettermen from last year who saw action as reserves. Pilgrim and Kouzmanoff, a pair of lightweight forwards, are expected to help Coach Johnson's team from a scoring standpoint. Franzen, six foot guard, is another leading contender. Bensenville, like Warren, has only one tall player on the squad in Franzen.

Graduates Defeat Regulars
22-16 With Same Style of Playing

Palatine suffered a double defeat in their first scheduled games of the season when Northbrook won from the lights 14 to 12 and a strong Alumni team turned back the Pirate regulars 22 to 16.

With both teams missing numerous shots, Northbrook and Palatine battled through a see-saw contest with neither team having at any time a lead of more than three points. Palatine's field goal gave Palatine a 5 to 4 lead at the first quarter after Mangels had started the scoring with a field goal on the opening tip off. Northbrook held a 10 to 9 lead at the half, but the score was deadlocked at 11-11 at the three quarter point. Northbrook played without Capt. Borchardt their high scoring forward.

Both the Pirates and the Alumni played a slow cautious style of game during the first half and neither was successful in puncturing the air tight zone defense of the other. The high school was ahead 2 to 1 at the quarter on free throws by Reuse and Kruse. After Beckman had scored for the Alumni and Reuse for the Pirates, George Smith tipped in a long goal just before the half to give the graduates a 7 to 5 lead.

It was Krambler with two field goals and two free throws who was most responsible for a lead of 18 to 11 run up by the Alumni in the third period. Perry of the high school scored a field goal and two free throws while Helms dropped in a free throw to keep the school in the running 18 to 16, but Blankenship and Meyer put the game on ice in the closing minutes.

Both teams took 20 shots at the basket with the Alumni scoring seven and the high school five. The Alumni made eight out of 13 free throws and the high school six out of 15.

against Barrington tonight. Probably the strongest and the weakest of the loop are meeting in this game. Ela lost most of their material last year by graduation and it looks like a lean year for the wearers of the blue and white of Lake Zurich.

Arlington goes to Antioch as the underdog for the first time in years. The Cardinals have only Steve Szasz and Albie Brodman from last year. While these boys are mighty good players it is doubtful whether Brodman will see regular action because of illness. Albie is the Arlington captain and one of the best men in the conference.

Antioch has a team which includes several veterans from a team which played good ball last year. Bishop and Steffenberg are the Antioch stars who give the Indians an edge over the Cardinals.

Leyden is a favorite over Wauconda. The Eagles have height and experience with five major lettermen of whom five top the six foot mark. Kossack, 6 ft. 2 inch center heads the list of veterans. Capt. Williams and Sax are small forwards but Kadon is a six foot guard. The fifth man is Hackett who has transferred from Antioch where he was a forward on the first team. His 6 feet 2 inches will be a big asset to the Eagle offense. Chapp, a rangy forward from the 1933 regulars, will be eligible the second semester.

LEYDEN WINS
PRACTICE TILT
FROM PIRATES

Heavies Win 26-20; Lights
Triumph 28-14 on Home Floor

Palatine dropped a pair of non-conference games to Leyden at Franklin Park Tuesday night by scores of 28 to 14 and 26 to 20. The heavyweight game which the Pirates lost 26 to 20 was close all the way with a half time score of 15 to 12. The final was the greatest margin Leyden had any time in the game.

Matussek who has moved up from the lightweight ranks, and Kadon, a veteran guard, were high scorers for the Eagles with ten and eight points respectively. Capt. Williams also scored three baskets. Hahnfeldt with three field goals was most prominent in the Palatine attack, but every starting player scored at least once.

Leyden held a decided margin all the way in the lightweight tilt in which the Pirates used 12 and the Eagles 10 players. Foster, lanky center, and Mangels, speedy forward, scored all but two of Palatine's points. Foster had three baskets and a free throw and Mangels two baskets and a free throw. Jackson, Leyden center, was high scorer of the game with 10 points. Dot Steingraber, Nelson, Lung, Sewoski, Zuperku and Green also broke into the scoring column.

Palatine, Leyden Lights
Tied for 1933-34 Title

In the lightweight division, two teams tied for top position last season and four teams ended their schedules in a tie for second place. Palatine, finishing in top place in both light and heavy divisions, is the only school ever to have won both trophies in one season. Final lightweight standings last year were:

	W.	L.	Pct.
Leyden	10	2	.800
Palatine	10	2	.800
Libertyville	7	5	.583
Arlington	7	5	.583
Antioch	7	5	.583
Barrington	7	5	.583
Warren	6	6	.500
Bensenville	3	8	.375
Wauconda	1	10	.100
Ela	1	11	.083

Three Teams Won First
In 1933-34 Cage Season

Three teams tied for first place in the Northwest conference basketball heavyweight race last year, and another trio tied for second place. Final standings were:

	W.	L.	Pct.
Barrington	10	2	.800
Libertyville	10	2	.800
Palatine	10	2	.800
Arlington	7	5	.583
Leyden	7	5	.583
Warren	7	5	.583
Bensenville	4	7	.364
Wauconda	2	10	.167
Ela	0	12	.000

Leyden will have some wonderful lightweight material from last year's championship team with such men as Matussek, Thompson, Sell, Robertson and Larson liable to break into the regular lineup. It looks like a big season for Leyden and the teams not on the Eagles' schedule are happy.

BARRINGTON IS
FAVORITE FOR
CHAMPIONSHIP

All of Last Season League-Leading Regular Back on Broncho Squad

Barrington is the favorite to win the conference cage title this season with all five of last year's championship regulars returning. Head Coach Paul Clark has a classy quintet in forwards Etters and Conn, Latta, center, and guards Workman and Mollenkamp. All are seniors except Latta, and three of them tower 6 feet or over in height.

According to the Barrington coach the greatest problem this season will be lack of capable reserves to assist the veterans. Barrington is "on the spot" so to speak as everyone expects them to win the title. They have some tough competitors to down before this can be done including such teams as Leyden and Palatine which are rated highly by the coaches.

Clark will pick his reserves from among six of the letter winners of last year's lightweight team coached by T. C. Hosford. The six lightweight, all of whom are seniors, include Wallace, Overhue, and Osborne, forwards, Kuhlman, center, and Wendt and Wichman, guards. Grabenkort, a lanky sophomore, is another player who may see action with the heavyweight team.

Barrington has not looked impressive in two pre-season games in which they defeated the Alumni 18 to 17 and beat Tully high of Chicago 20 to 18. Last season Barrington won 10 and lost 2 to tie with Libertyville and Palatine for first place. They were defeated only by Libertyville and Bensenville during a period when Latta, star center, was ill.

Barrington ran up a number of top heavy scores by employing a fast break featuring Conn and Etters and some good under the basket shot plays with Latta doing the scoring. Barrington's guards were good scorers at long range and the whole team is dangerous from any distance. Anyone who hopes to cop the title will have to beat out the Bronchos.

BENSENVILLE
IMPROVES IN
EARLY GAMES

Heavies Down York 27-24
Tuesday in Return Game
After Earlier Loss

Bensenville teams have taken part in a few unimportant pre-season games and although they were defeated, show signs of coming along nicely.

November 24, they met York and the heavyweights were defeated 36-21. The lightweights took their game 25 to 21. Nov. 28 Bensenville teams journeyed to Leyden and there lost both games, the heavies 26 to 18 and the lights 21 to 20. None of the teams showed the pep and push that they are expected to put forth when the conference games start.

November 30, Bensenville high met the Alumni and the old timers were victorious by a 53 to 39 score. For a time it looked as though the Alumni boys were not going to hit their former day strides till to late, but before the end of the first half they took a 2 point lead and after that the present high school team could not stop them. They began showing some of the stuff Coach Johnson had in his line-up a few years back.

Tuesday evening Coach Johnson took his teams to York at Elmhurst for a return game and the outcome was just the reverse of the first meeting. The heavy team won 27 to 24 and the lights lost 32-2. This upset is explained by the fact that three of the boys who took part in the former second teams game had improved to the extent they were placed on the heavy team lineup and are going great.

They were lost to the second team but gave their added strength to the first team.

NEW PLAN OF PAYMENT FOR MILK ADOPTED

Four Classes Set Up; Aids
Producers in Drought
Area

A new method of payment for milk to the members of the Pure Milk association became effective December 1, when Henry W. Wallace, U. S. secretary of agriculture, signed the amendment to the Chicago license Saturday night. This was brought about by the efforts of the committee of four officials of the association who have been in Washington for the past two weeks. They are Manager D. N. Geyer, and Directors L. M. Mullooly of Clinton, Wis., G. H. Ekhoff of Grant Park, and G. L. Morgan of Westville, Ind.

The new license specifies that milk will be paid for in four classes. Class I will be the percentage of basic milk as represented by dealer's fluid sales. Class II is that percentage of the remainder of Class I basic milk used by dealers in their cream sales. Class III is for such milk as used for ice cream or actual manufacture of evaporated milk; while Class IV represents surplus milk.

The new plan is especially adapted to producers within the drought area as it will enable them to ship only that percentage of basic milk as represented by the relation of sales in Class I to the total base on the market. This places a producer, who is short of feed, in a position to dispose of some of his cows and yet receive the high dollar for the percentage of basic milk which he ships, rather than the blended price as heretofore.

The cream clause specifies that a distributor must purchase his cream in an amount equal to 35 per cent of his basic fluid milk requirements before he can go to a producer without an established base to purchase cream. This materially strengthens the producer's position as it permits him to sell a larger volume of basic milk. This class of milk known as Class II is paid on the basis of 92 score Chicago butter plus 10 cents.

The license provides that any further supply of milk used for the manufacture of ice cream or actual manufacturing of evaporated milk will be paid for as Class III, which is 92 score Chicago butter plus 8 cents times 3.5. Payments, however, for Class II will be the blending of Class II and Class III prices.

New License Clause

Should the producer continue delivering more than the market can consume, the balance of his production will be sold as Class IV, which is 92 score Chicago butter times 3.5 plus 4 cents.

It now becomes a violation of the license when the actual producer of milk sells his product to a violator of the license. This latter clause is entirely new and adds materially to the strength of the license, as the milk producers may be convicted for violations of the code under this clause.

While the amended license permits the producer to take advantage of drought conditions, it does not affect the cost of milk to the distributor, as he will continue to pay on the same plan as heretofore—which is in accordance with the use to which the milk he purchases is put. Also, a distributor is not affected by the cream clause except as he used milk up to the limit within 35 per cent.

Peoples Forum

SAVE LIVES. GIVE
EMPLOYMENT

The number of fatal accidents at grade crossings is appalling in spite of gates, wig-wags, signals and even with flagmen on the job. One of the amazing features is the number of accidents where motorists drive into trains. We believe the statement is correct that a great majority of all crossing accidents are due to carelessness on the part of drivers.

There are dangerous grade crossings in every section of the country; there is likewise unemployment in every section. Each is a problem. Why not play one against the other as the job. One way to solve both problems?

There is no reason for throwing a large share of the cost of grade separations on the railroads. The people who use the highways cause most of the accidents and there is no justice in taxing the railroads to improve roads to enable their competitors—buses and trucks—to make faster time and take away more business.

Grade separations should be paid for mainly out of gasoline taxes. In this way the people who derive the most benefit would contribute most of the cost.

This would be a wonderful time to make grade separations for where the government is trying to find work for men on relief, the only additional cost for such improvements would be material used—and producing the material will give employment to others.

Rather than build roads that are really needed or putting in cement pavement where an all-year gravel road at a portion of the cost will give adequate service, why not put in more grade separations and reduce the number of crossing accidents while providing work for the unemployed, killing two birds with every dollar?—LaGrange Citizen.

lected numbers. A male chorus will be heard, and A. M. Harley, will play violin solos.

This concert, the first of the season, is free to the public and no seats will be reserved. The membership of the orchestra and chorus is composed, to a large extent, of talent from local churches, clubs, schools and also from near-by communities. The Music Boosters council has declared themselves as sponsors of this event.

First Barrington Barber On Job Past 54 Years

Barrington's first barber is celebrating 54 years of work, all of which were spent on the same street, although a fire which destroyed the block in which his business was located caused a change of location in 1893.

He is William Grunau, 73 years old, whose wife is the former Annie Meier of Palatine. Mr. and Mrs. Grunau celebrated their golden wedding last fall. They have lived in the same house the past 47 years.

Before Mr. Grunau came to Barrington, a Palatine barber visited the town every Sunday. Barrington then had 70 inhabitants. Haircuts were 25 cents, shaves 10, and mustaches dyed for 35 cents.

Arlington Girls Lose
To Lake Zurich Five
13-7 Tuesday Night

The Lake Zurich girls' basketball team, led by P. Soderburg, defeated the C. A. C. team from Arlington Heights, by a score of 13 to 7, Tuesday night, at Lake Zurich. The winners were stronger, more rugged, and found the home floor much to their advantage. Several of their baskets were scored on quick pivot shots.

The C. A. C.'s displayed a superior passing game, some excellent block plays, and during most of the game, a fine defense. Their shooting was very poor, and frequently hurried by the airtight Lake Zurich defense.

Soderburg scored three field goals and a free throw before leaving the game on personals. M. Frank's powerful defensive work was a strong factor in the game. For the C. A. C. team Captain Dierich dominated the play with fine defense, and a coolly directed passing attack. She failed to break in to the scoring column only because her two baskets were ruled out.

Holte on offense and M. Bird on defense, were of great help. Boyles was in for a part of the fourth quarter and showed by her aggressiveness, speed, and headwork that she will be of much value to the team.

The C. A. C.'s expect to schedule a game for next Tuesday at the Presbyterian gym. The opponents have not been definitely selected yet. The regular league play will begin the following week.

35 Palatine Schoolboys
Out to Make Grde Teams
Clettenberg Coaches

The Palatine elementary school basketball teams will play their first conference game of the season with Barrington at 4 o'clock this afternoon at Barrington.

About 35 boys from the sixth, seventh, and eighth grades have turned out for basketball practice this year. They practice from 7:30 to 8:30 a. m. at the high school gymnasium three mornings a week.

All of the home games will be played on Saturday mornings, the only time the high school gymnasium is free for use.

J. E. Clettenberg, coach, is training sixth grade boys in the game also. This is the first year the sixth grade boys have been allowed to enter the sport. Mr. Clettenberg believes that they will benefit by their experience this year and may probably be championship players in their eighth grade year.

Though not a league ruling the Palatine school requires that each team must be doing satisfactory work in all his school subjects before he is allowed to play basketball.

A first and second team are being selected from the 35 boys out for the game. Because it is so early in the season the personnel of the teams is not permanent.

Members of the grade school league are Arlington Heights, Barrington, Dundee, Cary, Woodstock, Crystal Lake and Palatine. A trophy is awarded at the close of each season to the championship team. Last year the Dundee team won the trophy.

Arlington Grade School
Season Opens Next Week

Arlington Heights grade school's basketball team opens its season next week in their home floor in a game with Dundee.

The school's complete schedule is:

Dec. 14, Dundee at Arlington.
Dec. 18, Arlington at Barrington.
Jan. 11, Crystal Lake at Arlington.
Jan. 18, Arlington at Palatine.
Jan. 25, Cary at Arlington.
Feb. 1, Woodstock at Arlington.
Feb. 15, Arlington at Dundee.
Feb. 22, Barrington at Arlington.
Mar. 1, Arlington at Crystal Lake.
Mar. 8, Palatine at Arlington.
Mar. 15, Arlington at Cary.
Mar. 22, Arlington at Woodstock.

Arlington Girls' Five
Plans Hardwood Season;
Frank Szasz Is Coach

The Arlington Heights Community Athletic club will again be represented by a team in the Northwest Suburban League. This league, composed of girls' teams, plays in two divisions, north and south. After the regular schedule is completed, the teams leading the two divisions, will play for the championship of the whole league. The Arlington girls have changed from north to south section for the coming season.

Several experienced players have returned and new members have been added. Miss Bernice Diederich will again captain the team. Miss Lois Bolte, Miss Gertrude Weinrich, Miss Lois Baskin, Miss Mary Bird, Miss Ruby Bunn, Miss Josephine Brodman, and Miss Esther Kastning are the other returning veterans. Miss Chick Haupt, Miss Myrtle Thomas, and Mrs. Beatrice Jahrling Boyles are the additions to the team. Two former players will not return and will be greatly missed. They are Miss Belle Bird and Miss Bernice Purrin. The work of coaching will be in the hands of Frank Szasz, who for four years, has starred in local high school athletics.

The C. A. C.'s will play all home games on Tuesday nights at the Presbyterian gymnasium. Flashy new suits were purchased out of the proceeds of a movie sponsored by the club. The team finished third in their section of the league last year.

CCC WORKERS
BUSY AT JOBS
IN DEER GROVE205 Boys Landscape, Build
Bridges, Paths, Fire
Breaks

By JACK HOAG

The first three weeks work in the CCC Camp Deer Grove, State Park 38, at Palatine, was seriously handicapped by lack of trucks and equipment due to the fact that the camp was opened and men moved in two weeks ahead of the schedule, but this time was not lost. In the five weeks that the camp has been in active operation a great change has been made in the Deer Grove forest preserve.

Under the direction of Frank H. Nelson, national park service superintendent, the 205 enrollees have made a fine start on the intensive program which includes landscaping the preserve, building bridge paths and bridges, and constructing fire breaks as a safety measure in case of a bad forest fire. These breaks alone might result in a saving of all the standing timber in the preserve and guarantee a perpetuation of one of the most beautiful parks in the district.

Further activities include the construction of a new dam for flood control and better bathing beach facilities. This work also includes the dredging and resurfacing of the new beach and, when finished, will give Deer Grove one of the finest bathing beaches in the district. Progress has been made in erosion control by sodding exposed slopes and grading the ditches along the roads and this sodding will add greatly to the scenic beauty of the preserve.

Work Under Way

Work which was delayed by order of higher authorities is now under way in the camp area. This includes the construction of roads, walks, drainage, and the landscaping of the entire camp area and Camp Deer Grove, now compares favorably with any of the other National Park camps in Illinois. We hope in the near future to be able to extend a cordial invitation to the general public to visit and inspect the camp and judge for themselves how we are expending the funds appropriated.

Capt. A. H. Arenz took over command of the camp November 21, relieving Lt. E. M. Burns, who is remaining with the company as second in command. Capt. Arenz was formerly located at Camp Riley Creek, 12th Forestry district, at Fiefield, Wis. The duties which Capt. Arenz has assumed cover everything from disciplining the enrollees to the minutest detail of camp life.

Gain 18 Pounds

The boys are gradually finding themselves and are falling into the regular routine of camp life. It is estimated that the boys have gained on the average 18 pounds each and they are taking an active interest in the educational work, the care of the barracks, and in improving the general appearance of the camp. Most of these boys are well educated, self respecting members of the community and, as a result, the morale of the company is high.

Under the direction of Dr. R. A. Beam, a number of classes are held in the mess hall each evening after work and these classes cover subjects in elemental and high school work and vocational occupations. These classes are largely attended and the educational department of the camp is doing wonderful work.

Approximately 90 per cent of these boys come from families on the relief rolls of the state and were themselves unemployed. The many aspects of the project point to the fine use being made of the funds provided by the federal government and the boys will leave Camp Deer Grove better physically, mentally and morally as the result of their stay here.

SCHAUMBURG

Mary Ann is the name of the infant daughter of Mr. and Mrs. Alvin Bottermann.

Herbert Gerechse attended the stock show on Monday.

Louis Pohlmann and Mildred Hartman visited the stock show Thursday.

Many from Schaumburg attended the play at Des Plaines.

Mr. and Mrs. Herman Hartman had an enjoyable evening at the Silver wedding of Mr. and Mrs. Wm. Mahler of Itasca.

The famous football hero, Norbert Rohling, is now going in for basketball.

Mr. and Mrs. R. G. Amling attended the wedding of Mrs. Amling's brother on Saturday in Melrose Park.

Mr. and Mrs. E. Pfingsten of Brookfield visited in Schaumburg over the week-end.

Monday evening, Dec. 10, an outstanding film will be produced, namely, "The Ten Commandments." As this film is very educational everyone who attends will certainly feel well repaid for coming, so don't forget, Monday evening, Dec. 10, at 8 p. m.

Elfrida Moeller was baptized Sunday by Rev. G. Theiss.

Teacher Schultz and Teacher Krieger of Chicago were visitors at the Lutheran church Sunday.

Don't forget Dec. 10, to be there, a great film, "The Ten Commandments."

Wm. Thies and his son, Raymond, enjoyed the stock show Monday.

Don't forget to buy your Wheatridge Seals. Its a privilege to help these poor unfortunate folks who need your help.

MORE ABOUT
Arlington Team

(Continued from page 6) Momentum from the football season should carry the team well into the winter. With a few early victories under their belts, the boys would be strong contenders.

The first home game of the conference season will be played next week when Barrington will play on the Cardinal floor. Records of the past few years point to a bitterly fought battle. Fans should get a good line on Arlington prospects in that game.

The lightweights are an unknown quantity, made up of a group of pretty good frosh and soph.

WHEELING

Friday readers are reminded of the comedy-drama which will be presented at Childerley hall that evening beginning at 8 p. m. Local talent composes the cast of "Tea Toper Tavern," which runs a full evening, and promises plenty of laughs. Admission will be 25 cents a person.

AMERICAN LEGION

9th District News

The last district meeting was held at Norwood Park Field House, Tuesday, November 27, 1934. That night it rained and rained hard; however, it did not stop the meeting from having a 100 per cent turn out of posts and for that our Commander Joe Bernhard wishes to extend his thanks.

The highlights of the evening were the reports of our delegates to the National convention at Miami. Francis Scully spoke first and told us about the business meetings held there. Cecil Paxton told us about Miami and all about his trip to Cuba where he had the pleasure of talking to Colonel Batista, military dictator of Cuba and the man who makes and breaks presidents of that country. Charles V. Falkenberg told us how the different committees made up their reports to be submitted to the convention and of the Illinois delegation's efforts to have the National Convention budget it's convention expenses.

Commander Bernhard presented our retiring Commander Francis Scully with a gold watch in appreciation for Scully's splendid work as Commander of the district in the past two years.

The ninth district again leads the state. We are the first district to show over 50 per cent paid up members.

The principal speaker of the evening was Tom Davies. Tom is a dynamic speaker and has that rare trait of holding every one's attention throughout his entire talk. Tom's command of the English language includes all words found in and out of the dictionary.

Both Commander Matt Murphy and Vice Commander Sid Holzman of Cook county council, were on hand and gave short, snappy talks.

On January 12, the district will hold a dance at Cicero and North avenue, this will be known as the Quota Dance at which time Geo. Rohde, our Senior Vice Commander and membership chairman hopes to have a 100 per cent membership. He is looking to your post to be in line.

NINTH DISTRICT AMERICAN
LEGION AUXILIARY

The Ninth District board meeting will be held Tuesday afternoon at Des Plaines Legion house at 1:30 p. m. Many things of importance are to be discussed.

Club 20 Years Old

The Barrington Woman's club celebrated its twentieth anniversary at a program Wednesday night.

F. O. E. FLASHES

Children's Christmas party Dec. 23, 1934.

The last regular meeting of the Park Ridge Aerie disclosed something very interesting to all Eagles and the general public at large.

First: When the worthy president, Wesley M. Cleveland, asked and was granted the permission of the Aerie, to personally investigate the names of brother Eagles who are in dire need, and furnish them with a Thanksgiving basket at the expense of the lodge.

Second: The encouraging report of the Aerie physician which read that he has given service to the families of over twenty members, which they claim was highly satisfactory.

Third: A motion made and carried that a Christmas party be furnished the children whose father is a member of the Park Ridge Aerie, Sunday afternoon, December 23.

Although this Aerie is but three months old, it has stepped right in line with the older Aeries.

The deadline is soon drawing near for those who wish to become members of this fast growing humanitarian organization on the January 8 initiation class, which will be known as Arlington Heights class.

50 Years of Working
In Barrington Shop
Record of Schaeede

Fifty years of business in the same spot were completed Saturday by E. F. Schaeede, Barrington harness maker. Mr. Schaeede, 77 years old, still conducts the same shop he purchased in 1889, five years after starting business in Barrington. Mr. and Mrs. Schaeede celebrated their forty-fifth wedding anniversary last year. They have two daughters and a grandson.

OPPOSE LEASE OF FRI. DEPOT AS WAREHOUSE

Village Asks Removal of Structure; Stop Erec- tion of Station

The Arlington Heights village board wielded the ax in several directions at its meeting Monday night. It went on record as opposed to the leasing by the railroad company of part of the freight depot to the Lake-Cook Farm Supply Co., which is affiliated with the Farm Bureaus of Lake and Cook counties.

The board also directed the legal department to reopen, if possible, the case previously dismissed by Judge Koplin against the contractor of the new gas station at the highway and Vail street for the removal of certain trees without proper authority.

The board also authorized the building commissioner to stop further construction of said gas station for infraction of the local building code and directed police department to enforce the order of the commissioner.

In a discussion of the freight house lease, the members took the position that when the freight house was moved to its present location for the installation of the third track it was understood that at some future time a smaller building ample for such a purpose would be constructed away from the center of the business district. The members now feel that the leasing of the property to the farm company gives a new permanency to the building which is not in accord with the city beautiful plan of the park board and the continuance of the building, a relic of 50 years ago, is a blot in the appearance of the local business district and a reflection upon the progressiveness of the village itself.

The contractor erecting the new gas station was recently arrested for cutting down trees without a permit. At the trial before Judge Koplin, the contractor presented plans upon which he claimed he had obtained a building permit, also a receipt for \$5.00 from the treasurer's office as a fee for the installation of cement driveways.

The judge took the position that the issuance of the receipt for the money was a technical permit for the removal of trees.

Attorney Thal, upon inquiries of the board members, differed with the judge as regards the status of the receipt and he was directed to either have the suit reopened or a new one started.

Building Commissioner Pavel, who was present that evening, claimed that the blue prints upon which he had issued a building permit and the one presented in the court of Judge Koplin were not identical. Checking of the two prints revealed that they were not the same.

The wrath of the board members, however, was more particularly aroused by the action of the contractor in erecting an eight inch wall, when the village building code gives 12 inches as the minimum thickness. It was claimed in the discussion that when the job was figured by local contractors and material men, they prepared the estimates on wall thickness of 12 inches, while the contractor, who is from out of town is erecting the building with an eight inch cinder block wall.

The building commissioner said police was authorized and directed to stop all building operations on Tuesday morning, which they did. It is understood that the present structure will be lined with brick to have it meet the requirements of the code.

Attorney Thal stated that the contractors of the big sewer had asked for a conference in Chicago Tuesday morning between themselves and a committee of the village board in an effort to reach an agreement on what credits should be given to the village for incomplete work for the purpose of making a final settlement between the two parties. The board did not authorize any committee to make a definite agreement with the contractors, but agreed to meet Wednesday night to receive the report of the committee.

Mayor Flentie reported that a school patrol of seven relief men would be established within ten days.

Estimates were approved for the payment of \$19,901.58 to the contractors engaged in the PWA project. The payment to the Simplex Valve and Meter Company was contingent upon their presentation of reports to each board member of the work done in connection of the water leakage survey.

The treasurer reported that delinquent water bills had been cut down \$200. Bills and payroll amounting to \$1678.79 were passed. Included in the bills was one for \$500 for 12,000,000 gallons of water received from Arlington Jockey Club.

Routine reports were given by the various departments.

Merle Guild Post Hosts to Arlington Heights Veterans

Remember the old saying "Come and get it." You first heard this when you wanted seconds during mess time back in 1917-1918. Later on some bankers swiped the phrase when they wanted you to get your money on deposit and now comes our own local legion post, Merle Guild, with an invitation to all ex-service men in town to attend a dinner to be held at the Legion Home, Tuesday, December 11, at which the Veterans of Foreign Wars will be the honored guests.

The principal speaker of the evening will be Joe Bernhard of Mt. Prospect. Gene Bernstein will be on hand to entertain you with a lot of sleight of hand tricks and hypnotism. Boy! Gene is good and if you think we are kidding you ask Johnny Wilson, Vic Pecchia and Ed. Pingle.

Jules Spath and his accordian will be there. The Baron will be absent, but Charlie will be on hand. Rubino and Paderewski will be around and ready to entertain.

The date is Dec. 11—Tuesday. The place—Legion Home. A good feed, good speakers, splendid entertainment, excellent music.

We will be expecting you—don't disappoint us.

CHRISTMAS DOLLAR DAY ISSATURDAY

Four Stores Offer Special Bargains for Saturday On Christmas Gifts

To stimulate early Christmas buying three Arlington Heights stores have announced a Christmas Dollar Day for Saturday, Dec. 8. The special prices that are quoted on Page four of this paper for that day all represent reductions under the regular prices and mean a distinct saving for the Christmas shopper.

The stores co-operating in the Christmas Dollar Day are The Emerald Shop, Arlington Bootery and G. H. Wilke, the jeweler.

The Nu-Vail Food Shop and restaurant is also offering special food bargains in honor of the day. These advs. will all be found on page four of this issue.

Bullets Pierce Home, Buildings, Trees, Post In Barrington Shooting

The "Battle of Barrington" last week in which "Baby Face" Nelson and a federal agent were fatally wounded and a second government man killed, gave Barrington a lot of excitement.

The home of Mr. and Mrs. Clayton Watkins, four blocks away was struck by two bullets, one of which embedded itself in an outside wall, and the other of which went through two walls and embedded itself in the side of the living room. No one was home at the time of the shooting.

At a service station located directly opposite the scene of the shooting, a bullet passed through a gasoline pump and another struck a wall. The existing sign of an other station nearby was hit several times. Two bullets embedded themselves in a telephone pole, and a small tree was pierced by a bullet.

Between 17 and 20 Barrington people claim to have seen the shooting. Hundreds of people saw the bandit car in a Barrington garage and went to view the battleground.

Special Session Costs People \$30,500 Total

The recent special session of the legislature cost Illinois taxpayers a total of \$30,500. The session, the fourth during the last 22 months, was called to extend the state sales tax. The appropriations necessary to meet the expense of the special session are:

\$25,000 for payment of members and mileage.
\$3,000 for officers' salaries.
\$500 each for the house and senate.
\$2,000 to pay employees.

The sales tax has brought to the state treasury a sum in excess of \$40,000,000 during the last year. The state property tax which it replaces has averaged \$26,000,000 during the last 10 years.

Swan Returns to Wild Life; Flies Away from Arlington Park Lake

If a swan alights in your yard one of these days, do not think that it is a wild fowl, but use a little patience and capture the bird, or notify the Arlington Park Jockey Club. Said swan whose wings have never been cut, has frequently left home, only to return at night fall. But this time the bird has gone on a wild jaunt. The superintendent wants to get the bird back. Help him, if you can.

Members of the Cook county farm bureau are gathering at 10 o'clock this morning in the Masonic hall in LaGrange for their annual meeting. Harvey Hull, president of the Indiana Farm Bureau Co-operative association is the featured speaker of the meeting.

Discussion, elections, and entertainment are also on the program. Lunch is to be served by members of the Home Bureau at Lyonsville.

Present members of the board of directors are Frank Diekmann, Charles Erickson, Henry D. Gewecke, D. A. Niefeldt, F. W. Porep, Earl Siemsen, Tom Weller, Louis Dieckhoff, J. P. Precht, Homer J. Long, Ezra McClaughry, Henry Schill, Henry Schramm, C. W. Sternitzke, and Fred Hartmann.

Last night they gathered at Elk Grove center, Higgins, Touhy, and Elmhurst roads, at a Farm Bureau-Cook County Life Insurance company celebration termed a "Radio Night." A radio program received at 8:30 o'clock was the highlight of the evening.

Music, entertainment, and lunch provided the evening's entertainment, and many prizes were awarded. The meeting was in a way a celebration of the sixth year of the insurance company's activities.

FREE TICKETS TO CHILDREN FOR MOVIE

500 Children to be Guests of Herald Next Tues. & Wed. at Arlington

Do Arlington Heights children like to attend a good movie? The Herald means to find out and is therefore offering 500 free tickets to children under twelve years of age. These tickets will be honored at the Arlington theatre either Tuesday, Dec. 11, or Wednesday, Dec. 12. The attraction is "Gridiron Flash."

In order to safeguard against the indiscriminate distribution of tickets, they will only be given to parents who ask for them, or to children who have a note from parents.

Any teacher who desires to take her pupils to the movie in a body will be given tickets for the entire group. These tickets are available for children attending any school in Arlington Heights or any of the neighboring rural schools. Do not hesitate to call and ask for the tickets.

11-Year Old Boy Shot In Playing With Rifle

Noble Kuecker, 11-year old son of Mr. and Mrs. Emil Kuecker, 1001 Belmont street, Arlington Heights, was shot Sunday afternoon by a .22 calibre rifle with which he was playing. The bullet struck the youth's chin and ranged upward, lodging in the cheek near the temple.

He was taken to the Mt. Prospect hospital, and then by Chief Carl Skoog, of the Arlington Heights police to the Cook county hospital. The weapon was the property of a neighbor.

New Troop in N-W Council Brings the Scout Total to 675

A new Boy Scout group, Troop 25, of Des Plaines, has been admitted to the Northwest Suburban council. It brings the total number of Scouts in Des Plaines to 125. Park Ridge leads all towns in the area in number of Scouts. There are 253 Scouts in that city.

Barrington has 67, Palatine 32, Arlington Heights 35, Mt. Prospect 21, Wheeling 20, Schiller Park 18, Niles 13, Niles Center 71, and Morton Grove 20. The total of Scouts in the area is 675.

IF IT IS TOO COLD HERE SEE HERMAN REDEKER ABOUT SAN JOAQUIN

People interested in California are being offered information and special excursion rates to the San Joaquin valley by H. F. Redeker, Arlington Heights realtor, who has become local agent for the Western States Land association, 35 South Dearborn street, Chicago.

Under the direction of Mr. H. Perz, Sr., formerly colonization agent for the Chicago, Milwaukee, St. Paul, railway, the association is offering various kinds of land for sale. Mr. Redeker offers a 53-page illustrated booklet by the Santa Fe Railway, telling of the San Joaquin valley which he will be glad to mail to anyone writing to his office, 8 South Dearborn street, Chicago.

Wm. Busse Dean of County Commissioners Begins Term

The newly elected Cook county officials and nearly all of them are Democrats assumed their offices Monday amid ceremonies and congratulatory speeches. The Democrats did not have all the honor, however, as the five county commissioners from the county towns who were inducted into office that day are Republicans. To one of these, the ceremonies was an old story. William Busse, who is the dean of the county board, was entering upon his ninth term. He has served continuously except during the time of the Bull Moosers.

Mr. Busse, is a Republican first, last and all the time, but as a public servant he handles the affairs entrusted to him on a business basis, free from political taint. He has gained such a reputation in that regard that he is looked upon as one of the watch dogs for economy and a foe against waste of public funds and has won the admiration of members of the county board irrespective of party.

In delivering his inaugural address Monday, Clayton F. Smith, the new president of the board, paid a bit of tribute to Mr. Busse and his colleague Mr. Miller. Those who have watched Mr. Busse thru the 32 years that he has been an official of Cook county discovered a long time ago that for a man to continue in office it is not necessary to have a part in graft, lavish spending of public funds, padding of payrolls, etc. During all these years, the political opposition has never been able to "pin" anything on Bill Busse.

Mr. Busse has always taken an important part in the affairs of the county, except perhaps at times when he or his ideas were too strongly in the minority. Mere minority has not meant that his ideas have not frequently been adopted as there have been many times when the leaders of the majority have looked to Mr. Busse and his fellow Republican members to help them put over worth while projects in opposition to the wishes of some of the members of their own party.

Mr. Busse, first secured county wide recognition when during his term as president of the county board he completed the court house without any payment of extras to the contractor. He started the juvenile home and was active in the rebuilding of the county hospital. The location and building of the Oak Forest infirmary occurred during his administration. It was he who insisted that provision be made at Oak Forest for married couples to reside together and it has been Mr. Busse who has kept that practice in force although efforts were at one time made to separate the wives and husbands.

He had a big part in the organization of the forest preserves. For many years he was chairman of the road and bridge committee and has been a member of that committee practically all of the years he has served on the board. He has stood for the development of the preserves and the road system upon an economy basis consistent with good service to the public.

All Republican members were given chairmanships at the organization of the board members. Mr. Busse is chairman of the county building; Miller, legislative; Caldwell, education; Erickson, aviation; Carlson, the zoo.

ASKS PARKING RULES TO AID BUSINESS HERE

Village Board Acts Upon Request of Lions Club; Limit to be 60 Min.

All day parking in the center of the business district of Arlington Heights is to be brought to an end. It was left to the Lions Club to start action which will stop an abuse that has been the source of many complaints for several years on the part of both business men and local residents.

A communication from the Lions Club addressed to the village board was presented at the meeting of that body Monday night and Attorney Thal was directed to have the necessary ordinance ready for the next meeting.

In the meantime the police committee had prepared a suggested "parking zone," but the boundaries of that zone will be left to a discussion of the matter by the board at the time when the ordinance is presented for passage.

The tentative suggestion of the police committee would establish a limit of one hour parking in the business district south of the railroad except upon the northside of Davis street.

Chief Skoog reported that some commuters make a practice of parking their cars in front of business places the entire business day. The parking ban would be lifted at 6 p. m. and there would be no limitation in the district north of the track at any time.

Body is 4-Hour Wonder; Crowds in Niles Center

"Baby Face" Nelson was a 4-hour wonder to Niles Center Wednesday afternoon. The body was found about noon after an all morning search by Chief A. C. Stolberg and Niles Center police. The clothes had been found earlier in the day.

The bandits body, nude except for a blood-soaked bandage and an auto robe, lay in Haben's funeral home from noon until about 4 o'clock when it was taken to the county morgue. Meanwhile scores of reporters, photographers, and news-reel cameramen flocked into the building and took turns crowding into the small preparation room for photos and interviews. A crowd of curious people gathered outside.

Thieves Take Turkeys

Thieves, out for a Thanksgiving dinner, stole 30 turkeys from the Deer Grove Park turkey farm owned by Henry Schirring of Palatine and located at the Northwest highway and Dundee roads. The theft occurred November 27. The robbers clipped the wires of two fences to get at the birds.

Thanksgiving Baby Arrives At The Home of Weidners

It is not every baby who can arrive on Thanksgiving Day so Norquain baby who will be glad to arrive at the home of Mr. and Mrs. Clem P. Weidner, near Buffalo Grove.

LITERATURE OF FHA PROGRAM IS DISTRIBUTED

Arlington Heights Com- mittee Fires First Gun in Housing Drive

Pupils in the grade and high schools at Arlington Heights were given literature to take home on Wednesday afternoon as one of the first steps in the Arlington Heights Better Housing Program whose drive is getting under way.

Tuesday night the local committee headed by John Allen met with K. C. Griswold of the Chicago FHA office to discuss plans and problems. The contracting of local business. The contracting of local business drive has not yet been completed.

However, local contractors, material dealers and real estate dealers are conversant with the FHA plan and are able to give any information regarding it, states Mr. Allen, who offers his help at any time to anyone interested with details or any other problem regarding the FHA program.

Committee Announces

The committee has announced that all nearby banks, trust companies, building and loan associations, farm-credit institutions, and other lending agencies authorized by the FHA to make loans under Title I of the National Housing Act are ready to go ahead in accordance with the rules and requirements of the housing administration.

The money is made available to borrowers as "character loans" through these lending agencies only, according to Mr. Allen. Never does the borrower deal directly with the Federal Housing Administration or the committee, Mr. Allen pointed out.

Property owners who receive a regular income and who are found to be good credit risks may borrow. Financial agencies are insured by the Federal Housing Administration against 100 per cent of all loss, provided the total of such loss does not exceed 20 per cent of the total volume of credits advanced.

Summarizes Method

Mr. Allen gave a concise summary of the method of obtaining a loan as follows:

1. A modernization loan is solely for the purpose of repairing, altering, or improving your home or other buildings. Diversion of the money to other purpose is prohibited.

2. The loan cannot be for less than \$100 or more than \$2000. The borrower must have a regular source of income equal to at least five times the annual payments.

3. The loan can be made for terms of 1 to 5 years, but may be paid in full earlier than the maturity date if the borrower desires.

4. Maximum charges, including interest and all fees, cannot exceed an amount equivalent to \$5 per \$100 of the original face amount of a 1 year note, deductible in advance.

5. The property owner must file a property owner's credit statement, showing his financial condition, sources and amount of income, and other information necessary to determine his ability to repay the loan.

Bank Advances Money

If the bank considers the improvements advisable, and the property owner able to meet the payments when due, it can advance the money on the personal note of the property owner. No mortgage or collateral security is necessary unless the bank officially demand it. Mr. Allen asks each property owner to do these things:

"Look over your properties, especially your home, and determine what improvements are necessary or advisable. Get the exact estimates to your bank or other lending institution and apply for a Modernization Loan, which you should get if the improvements are justifiable and your income sufficient to repay the loan. Then sign the note and tell the contractor to start at once. If you are doing the job yourself, buy the materials and go ahead with the work."

Local Friends Attend Funeral of Seyferlich Fire Commissioner

George K. Volz, who has been a personal friend of Arthur R. Seyferlich, Chicago fire commissioner, was among those who attended the funeral services held Tuesday and officiated by state, county and city officials. The services were held in the Oriental consistory, where the body had laid in state, thence to St. Paul's Evangelical Lutheran church, where largely attended and much honor was paid to the man who had served the Chicago fire department so many years and was at its head at the time of his death. Mr. Volz car was accorded a place in the line of march.

About the last official act of Mr. Seyferlich was his attendance at the recent fortieth celebration of the Arlington Heights fire department, which he attended out of friendship to Mr. Volz, although he was a sick man at the time. He impressed his hearers that evening with his strong will and force of character. Many who met him that evening for the first time became his admirers.

ARLINGTON MERCHANTS TO GIVE CHRISTMAS PRIZES

COLLECTORS OPEN OFFICES FOR TAXES

Receipt of Payments Be- gan Thursday; All Tax Bills Show Reduction

Tax bills for 1933 are out, and the rate indicated shows a welcome decrease from last year's bills. Personal property bills are payable at once, in full, and the Real Estate bills are made out in two installments, with the first half of the bill due now. A penalty will be added to the real estate bill due at this time if it is not paid before January 1. The second half of the bill can be paid now, and those who pay will receive a discount of 1 1/2%.

A penalty on the second half of these real estate taxes for 1933 will be added after May 1, 1935. In order to make the payments convenient as far as it is within their power to do so, the township collectors will keep office hours at times and places which are centrally located to receive the payments.

The tax books will be in the hands of the Township Collector for three weeks, and must be returned on December 24, at the close of business, so this date is the last that payments can be received. There is a general sentiment in favor of paying taxes to the local collector, rather than the dates specified, as money so paid becomes available for local use earlier than if paid to the county treasurer.

Paul Holste, Elk Grove Township Collector, will be in the Mt. Prospect State Bank every day from December 6 to December 24, except December 20 when he will be at the Itasca State Bank for convenience of the taxpayers of the south end of Elk Grove township.

Wm. Annen, collector for Wheeling township, will be at the Peoples State Bank of Arlington Heights from Dec. 6 to Dec. 24, except Dec. 12 and 19 when he will be at the Wheeling State Bank, Wheeling, Ill., and Dec. 17 at Mt. Prospect State Bank.

Responses Coming In From 1000 Letters Sent By Health Seal Workers

Christmas Seal contributions are being received daily in response to the 1,000 letters sent to the residents of Arlington Heights last week by a committee headed by Mrs. John Allen, Christmas seal chairman of Arlington Heights Health committee.

An urgent appeal is made for immediate replies from these messages of health, good cheer and happiness in the form of the 1934 Christmas seals in order to facilitate the work of the committee.

Several interested friends have purchased 85 Health Bonds. "The purchase of seals and bonds is not an act of charity, but rather a means of obtaining health insurance for the purchaser and his community; and it is gratifying to see the number in our community who are manifesting an interest in this form of insurance," says Mrs. Allen.

KRANZ—SCHUETTE

Miss Emily Kranz, daughter of Teacher and Mrs. Rudolph Kranz and Mr. Max Schuette of Chicago, were joined in marriage in her family home Thanksgiving eve. Pastor Noack solemnized the sacred marriage vows.

This was a quiet, dignified home wedding, without unnecessary fuss and feathers. It would be well if we had more of this kind in these days of depression.

Mr. and Mrs. Schuette will make their future home in Chicago.

Gus Tried to be Cupid, But It Did Not Take

Gus Framberg has reached that age when he enjoys playing the part of cupid and is very much disappointed that his purchase of ten cents worth of rice Nov. 26 for the boys to shower upon Marvin Rodevald as he left town to spend Thanksgiving at the home of a young lady, brought no results.

Marvin returned without the bride which the Herald accepts as proof that Marvin has no intentions of becoming a benedict. The rice was a wasted effort, Gus.

Mr. and Mrs. Melvin Baker are parents of a daughter, born November 17, 1934.

Mr. and Mrs. Frank Stily, a son born November 19.

Mr. and Mrs. Bryce Thomas welcome a daughter to their home November 19, 1934.

Mr. and Mrs. Harley Bird, parents of a daughter born November 25, and the daughter born to Mr. and Mrs. Wilbert Wagner November 29 (noted elsewhere).

Mr. and Mrs. Lester Aldrich, parents of a son born December 1, 1934.

Great cause for Thanksgiving when on Thanksgiving morning there arrived a wonderful guest when Mr. and Mrs. Wilbert Wagner became the parents of a daughter, born that morning, November 29, 1934, and there was a whole armful of her, in fact eleven pounds. Her name is to be Jean Elizabeth.

Who shall say what December may yet add to our population?

South Side Breezes

We didn't learn in time for last week's paper, what these folks were going to do Thanksgiving day, so will tell you now.

Mrs. George Dobbins and children spent the day with her son, Lester and wife.

Mr. and Mrs. Joseph Wisersky and children were in Chicago with Mr. Wisersky's mother.

Mr. and Mrs. Paul Williams entertained their aunt, Mrs. George Williams from Chicago.

Mr. and Mrs. L. E. Wilson and son, Dick, spent the day in Evanston with Mrs. Wilson's sister.

Mrs. Perrin and daughter, Bernice, were in Chicago with Mrs. Perrin's sister.

Mr. and Mrs. Hugo Behrel were in Chicago with Mr. Behrel's brother.

Herman Scharringhausen and Mr. and Mrs. Otto Scharringhausen spent the day at the home of the former's daughter, Mrs. Herman Meyer.

Mr. and Mrs. C. F. Laurin and children were guests of Mr. and Mrs. H. Runge, former Arlington Heights residents, but now in Chicago.

Mr. and Mrs. Wm. Bockmeyer and children, who were wishing for snow, found plenty on their return from Des Moines, Iowa, where they had spent Thanksgiving with Mrs. Bockmeyer's mother.

Henry Grandt, Sr., father of Charles Grandt is recuperating from an operation performed a week ago at the Lutheran Deaconess hospital.

Mr. and Mrs. Donald Wallace and baby son were Sunday dinner guests at the home of Mr. and Mrs. John Monroe.

Because of the fourteenth birthday of Harney Easton, Jr., came the day following Thanksgiving, it made a most satisfactory ending to the week when his mother invited several schoolmates to spend Saturday evening with him. Although it was a complete surprise, Harney, Jr., was quick to recover and participate in the games and fun. Mrs. Easton served a dainty lunch with the birthday cake as the crowning feature.

Sunday guests at the home of Mr. and Mrs. Homer Bowlin were Mr. and Mrs. Rhimb and Mr. and Mrs. Youngman of Chicago. Mr. Rhimb, who is a manufacturer of X-Ray cells, came to view Arlington Heights as a possible future residence and site for his factory.

Mrs. Walter Schuett entertained the Everready club at her home Tuesday and will be hostess Friday afternoon to the Des Plaines club.

Thursday afternoon, the pin-ochle club met with Mrs. Pfing-

on State road.
Wednesday afternoon, the South Side or Neighborhood club met with Mrs. William Busch on South Evergreen. And did you know that the club was so named because its members were among the first to establish homes on the south side.

Just a bit of surprise to you who have been calling Bernice Gawthrop, by that name. She has been Mrs. Carl Erickson since last summer. Mrs. Erickson left Thursday evening to join her husband in Omaha, Neb., where they will make their home. Our best wishes go with them.

CHRISTIAN SCIENCE CHURCHES

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism De-nounced," was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 2.

The Golden Text was, "Beloved, follow not that which is evil, but that which is good. He that doeth good is of God; but he that doeth evil hath not seen God" (1st John 1:11).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The foolishness of man perverteth his way; and his heart fretteth against the Lord. A false witness shall not be unpunished, and he that speaketh lies shall not escape. Hear counsel, and receive instruction, that thou mayest be wise in thy latter end. There are many devices in a man's heart; nevertheless the counsel of the Lord, that shall stand" (Prov. 10:3, 5, 20, 21).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Corporeal sense defrauds and lies; it breaks all the commands of the Mosaic Decalogue to meet its own demands. . . . The corporeal sense are the only source of evil or error" (p. 489).

Observers Notes

This is my prayer that we may see
Love building all humanity;
That God will teach us from above
To bear to all His gift of love;
And that as one we'll seek to bind
Men, women, children, all mankind.
It matters not if some are bad,
De we bring them the light we've had?
Driving out wrong, nurturing right
Have we shown them the highest good?
Binds men in one true brother-hood?
God sped the day when we shall see
Man's brotherhood—Humanity.

Thanksgiving past, and Christmas in the offing. These questions trouble our minds. All these poor sin driven humans who furnish headlines, picture sheets and radio sensations, are they not our brothers?

Someone speaking of the picture of one of the latest slain criminals taken as a little boy said, "Such a pretty child"—who is to blame for the man he grew to be? "Am I my brother's keeper?" Are we not all responsible?

How shall one keep from being depressed by the newspapers, magazine and radio tales of man's inhumanity which makes countless thousands mourn. No person would choose to remain ignorant of what goes on in the world today, yet there seems no way to change it. You know the wise one said there's nothing you should worry about if something goes wrong within your power to remedy, right it alone. If beyond your power to help, cease worrying—Ish-ki-ibbel (why worry?)

Don't you think all our half a million soldier heroes who fought to make the world fit for Democracy, will be comforted to read that England's King is to have a

good supply of warm socks (or is it socks?) for a Christmas present, and the half length cloak Queen Mary wore to the wedding was crusted all over, every stitch with diamonds? We saw diamonds on sale at the "Country Store" last week for five cents a piece.

This is a sorry time to brag about "Cheerio" when one's cranium is packed full of shades of depression, yet here comes the jolliest message from one of the Arlington group out in California, with a pretty magnolia flower in its glossy green leaves. Dear little friend, how good it was to hear about that group.

They met in the home of Mr. and Mrs. Richard Helmkin, described as a place of marvelous beauty, natural scenery and artistic landscaping. In this company so hospitably entertained by this royal host and hostess were the Dietrichs, Mrs. Olive Allison and her sister, Mrs. House, Mrs. A. F. Volz and Mr. and Mrs. N. C. Volz, Mrs. McNeil and Mr. and Mrs. Charles Hewitt. A happy gathering of old friends, Mr. Helm and his son.

Our friend, says Mr. Helmkin, has the most beautiful roses she ever saw. On the table Mrs. Helmkin placed two beautiful bouquets of white roses intertwined with smilax. O, it takes California to draw old neighbors together. Mr. Helmkin has a large crop of avocados, a thousand "lugs" or crates, as we call them.

Mrs. Volz spoke of attending the Woman's Aid society where Mrs. Charles Hewitt is the capable president. It was held in the Presbyterian church and Mrs. Dirk Lay, the wife of Rev. Kossack's friend, was the speaker of the meeting. The Dirk Lays are there because of his breakdown, and inability to go on with his work. He is in California to recuperate his health and strength.

We were glad to learn that Mrs. Allison got through safe. Here we had all been in a jitter about her

safe bus journey. Now Mrs. Volz tells us she and Mrs. Allison started west the same time. Mrs. Volz by train, Mrs. Allison by bus, six hours earlier. They arrived at their destination at the same time.

Say, folks, let's go out to California and have a nice old time party. We think that southwest wind Friday night, was a gale, but out there when they have a hurricane, they speak of it as an ordinary wind, and a slight earthquake is not worth mentioning. You know what St. Peter told the man at the gate when he found he was from California, he better go back there. Heaven wouldn't suit him.

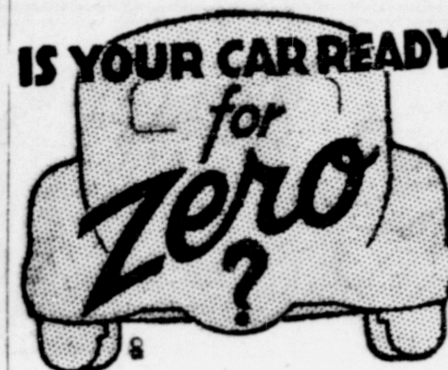

There I go as dull as a hoe, Getting off that stale wisecrack; There comes no cheerio, You'll forgive me I know, I've started and can't turn back.

There are so many things of which one wishes to write, yet there are reasons now to refrain and much not worth telling over, as our newspapers and radio broadcasters convince us.

Hail December, the last of 1934, May it leave a closing page cleaner and better than any of the eleven months preceding. The old saying, "Well begun is half done," care after dark.

May mean the best for the month. You see the trouble is old time's eye glasses only showed us our town, county and pen pictures of the state. Now radio, telephone and newspapers spread out the whole world to our view. (Continued next week)

Approximately 50 per cent of the automobile accidents occur at night, although night traffic is but one-fourth as dense as day traffic. Night driving, therefore, is about four times as hazardous as day driving. At night danger is not always observed. Drive with extra care after dark.

When Smoke Talked Across the Miles

Before white men ever saw the rich lands that have become the farms of today, communication was a necessity even in the simple lives of the Indians. Today the telephone supplies the communication so necessary to the modern business of farming these same lands. It is a quick, two-way link between the

farmer and the rest of the world. Used for business it often effects savings. Socially it is a comfort and a joy. Even if used only for protection, it still is worth every penny of its small cost. If you are without this essential aid to farming, call our Business Office, or any telephone employee will gladly help you place your order.

Reese-Kolze Nuptials a Large Wedding, but Reporter Missed it All

Miss Lydia Reese, daughter of Mr. and Mrs. Wm. Reese was united in marriage Oct. 10, to Edwin Kolze, two months ago, but the Herald Reporter was late in discovering the news. The ceremony was performed by Rev. Fricke at the home of the bride, who was attended by Erna Reese, as maid of honor; Mrs. Richard Wilke and Miss Hilda Meyer as bridesmaids; Dorothy and Jean Kolze as flower girls and Henry Finke as best man. A large reception was held in Meyer's Park that evening. The bride and groom are residing in the Reese apartments.

CHRISTMAS DOLLAR DAY SPECIALS ON THIS PAGE

MORE NOTES OF THANKSGIVING

Mr. and Mrs. Arthur Schmitz and family spent Thursday with relatives at Park Ridge.

Rev. and Mrs. Fricke and family spent Thanksgiving with their relatives in Chicago. Mrs. Fricke's brother's family and others.

Mr. and Mrs. Joseph Bouffard entertained their sons, Edwin and Albert and their families and the William Beckman family, as their Thanksgiving day guests.

Miss Martha Jackson spent Thanksgiving day with her mother and others of her family at Joliet.

Mr. and Mrs. C. L. Standtler entertained in their home on Douglas avenue as Thanksgiving day guests, Mr. and Mrs. Franckle and daughters of Oak Park. In the evening, Mr. and Mrs. Standtler went to Barrington to finish the day with Mrs. Standtler's family, the Waltheusens.

Dr. and Mrs. Howard Dunn were Thanksgiving day guests of her mother and sisters in Chicago.

Mr. and Mrs. Theodore Mors joined their daughter and husband, Mr. and Mrs. George Jelinek, as dinner guests at the home of Mrs. Jelinek's friend, Mrs. Conkey in Chicago.

Mr. and Mrs. Ferd Lewis entertained as Thanksgiving day guests their daughter and her family from Des Plaines and several Arlington Heights friends.

Mr. Charles Taege and his daughter, Miss Edna, were guests of relatives in Des Plaines, Thanksgiving day.

Mr. and Mrs. M. Oefelein and their sons, Wallace and Francis, were guests of their son, Mr. Ralph Oefelein and his family Thanksgiving day in his home at Hebron. Ralph came after them with his car and brought them safe home after a happy day together.

Mrs. H. C. Cleveland, whose husband was kept at work in the North Western office, was a dinner guest of H. F. Martin's family.

Dr. and Mrs. E. H. Savage entertained as guests Thanksgiving day a company of family relatives in their home on East Euclid.

Mrs. D. G. Beaty had, as you know she would, a dandy good time visiting her cousins out in Iowa over the holiday. What if she did have to get out of the car and wade in a snow drift to her knees, she didn't whine, her nephew had a heated car and knew how to drive it. They made the trip to her home here from Clarion, Iowa, 350 miles, leaving there at 7:30 in the morning and got here at 6 o'clock p. m. Could you beat that?

Mr. and Mrs. Henry Henig were dinner guests of his family in the city Thanksgiving day.

Mr. and Mrs. Albert Russel, East Euclid avenue, entertained guests from Park Ridge Thanksgiving.

Elliott's Spend Thanksgiving in Kansas City but Fight Big Snow Storm.

Mr. and Mrs. Elliott and daughter, Dorothy, of Arlington Point Service Station, returned home Sunday from a week spent in Kansas City where they went to spend Thanksgiving with Mrs. Elliott's mother, who is 86 years old. Returning home they were held up a whole day near Springfield, Mo., on account of the snow. They enjoyed the entire week, including the blizzard. Mr. Elliott's brother, of Watson, Ill., was here to help his son at the service station during their absence.

Arlington Collegians Home for Thanksgiving

Thanksgiving brought many Arlington Heights college students home for a holiday. From the University of Illinois came Carl Klehm with his sister, Mrs. Margaret Walters and her husband, Charles J. Walters, Miss Harriet L. Barrett, and Miss Grace Barrett. With Klehm was Richard Will, a schoolmate from Massachusetts.

Students of Valparaiso college at Valparaiso, Ind., who were home were Fred Gieske, Edgar Flentje, Lester Malzahn, and Robert Meyer. Home from Northwestern was Miss Dorothy Muir. Miss Ethel Fessler was home from work at the University of Chicago, and Miss Lois Fessler and Willard Fessler from studies at North Park junior college in Chicago. Wilson Whitmore was home from Eureka college at Eureka.

THANKSGIVING PROGRAM

Arlington Heights grade school pupils in their Thanksgiving program given in the Presbyterian church gym presented parts from "Plymouth Rock" an operetta given 6 years ago by pupils from the school. A playlet, "Red Shoes at Plymouth" was given by members of the school's dramatic club.

Boy Is Killed

Dale Sherman, 20-year old Barrington boy, was killed November 27 on the Northwest highway just south of Main street in Barrington. The accident occurred as he turned left in front of a milk truck about to pass him. He was the son of Mr. and Mrs. Frank M. Sherman.

'Judge Priest' Great Role, Says Player

The most successful pictures Will Rogers has made are those in which he has worn old clothes. On many occasions these have been the identical overalls and jumper he wears on his ranch.

Rogers says so himself, pointing to "David Harum," "State Fair," "Lightnin'," "Mr. Skitch," "Handy Andy" and now "Judge Priest."

"I feel more comfortable in old togs," declares the comedian, "and feeling at ease, I can give a better performance."

"What about 'They Had to See Paris,' one of your greatest pictures?" asked an interviewer. "In that production, as I recall it, you wore evening clothes and several tailor-made outfits."

"Well," drawled Rogers, "that's the one that proves the exception. Some said I suffered from microphone fright, but it wasn't so. I was afraid the people would laugh at me instead of at the character."

So far as his pictures are concerned, Will admits that he regards most highly his newest, "Judge Priest," which will arrive at the Arlington Theatre on Sunday and Monday, Dec. 9 and 10.

"Now there's a picture with a world of humanity in it," says the sage of Claremore, Oklahoma. "Irv Cobb wrote flesh and blood into the 'Priest' stories—and they've been given a mighty fine treatment by the studio. 'I got to admit I'm proud to be appearing as the 'Judge.' He's a great old fellow."

The "Judge" seldom dresses up, either. So Rogers' record as a purveyor of "unfashionable" characters remains untarnished.

I. A. A. Head to Speak

Earl C. Smith, president of the Illinois Agricultural association, will address the annual meeting of the McHenry county farm bureau January 10 in Woodstock.

Woman's Club Notes

Wednesday afternoon, December 5, the president, Mrs. B. C. Jarvis, entertained the board in her home in Jarvis Wood.

The date of the next regular meeting of the club will be held as a Christmas sewing bee in the home of the president, Wednesday, Dec. 19. Those who having sewing to do are invited to bring it with them and keep busy. Those who have none ready to bring, come any way.

Wednesday afternoon, December 5, the club members were guests of Manager Gotschaw and his able assistant, Mrs. Gotschaw at the movie picture to enjoy Charley Chan in "London." Wasn't that a big generous thing for those picture people to do? Just wait till you hear about it next week.

Don't forget December 19, and the Christmas sewing bee, with the president, Mrs. B. H. Jarvis.

A summary of committee duties will be given in our next report.

CHRYSANTHEMUMS

At this season of the year we are all interested in the beautiful colors of the chrysanthemums and most of us wish we could grow this beautiful flower. This flower has been a favorite among gardeners for many years not only in this country but in many of the European countries, particularly in China and Japan.

The native home of this flower is China where today we can find growing wild some of the early ancestors which are golden in color as the name chrysanthemum signifies "Golden Flower," but this ancestor is very small and insignificant, measuring only about one-half inch in diameter, and resembling our small wild flower daisy Fleabane, or small wild aster. Some of the common flowers that are in relation to this beautiful flower are the ox-eye daisy, and the corn marigold.

This plant was introduced into Japan about 2000 years ago. Today this flower is the national flower and imperial emblem of Japan. It might be interesting to know that the chrysanthemum flower show originated in the imperial gardens of Japan. In 1764 the chrysanthemum was introduced into Europe and at a later date into the United States, where many of the finer varieties have since been developed.

Most of the varieties are scentless. However many have an odor that is disagreeable to most people. The average length for blooming is about six weeks for inside growth.

This question is often asked, "Can I grow a certain variety in my garden?" The answer to this question for many varieties is "yes," providing you are not interested in securing bloom. In other words many of the beautiful varieties are very hardy but the growing season is too short in this part of the country to allow blooming of all varieties. This flower ranks fourth in commercial growing value in the United States.

Several have asked, "How can I care for my potted chrysanthemums?" After the plant has finished blooming remove the old flower stalks. Place the pot with the few new shoots in a cool place, preferably at a temperature of 50 to 60 degrees Fahrenheit, with just enough water to keep them alive.

Some have wintered chrysanthemums by putting the pot, after removing the old flower stalks, in a cold frame and covering rather well.

When spring comes take the pot out and permit the shoot to start to grow. When about 4 inches in height make slips. (Details on slip and starting of plants will follow at a later date.)

"What can I do about the green insect that appears on my chrysanthemums and other plants?" These insects are called plant lice or "aphids." This insect sucks its food, therefore we have to use a contact spray, one that will burn its body. One of the best sprays for the aphid is black leaf 40 which is mixed with water in the ratio—1 part of black leaf 40 to 150 parts of water or for small quantities 1 teaspoon to 3 cups of water.

This should be sprayed on in the evening or on a cloudy day so as to prevent the spray burning of the plant when the sun strikes it. A good plan is to spray in the evening and then wash the plants with water in the morning.

Watch for the topic of "Growing Hardy Chrysanthemums."

MERLE GUILD POST
No. 208
AMERICAN LEGION

Our last meeting was a nice, short and snappy one—it was called for at 7:45 p. m., but somehow or other that it was a little early—really we got started shortly after 8:00 and the reason was that most of us intended to attend the district meeting at the Norwood Park Field House.

Boy and how it rained and to top it all off Vic's windshield wiper decided to act up and being good Legionnaires, we stopped off at Doc Williams station on the highway. "Doc," you know, is a slick mechanic, and after waving his hands around the wiper and saying a few words in French a la plain English cussing, the thing wipen and off we started.

We finally landed in Norwood Park and Johnny Schwoilow said he knew where the field house was—over there are its lights and then started a ride, please remember that all streets in Norwood Park are laid out in a circle and it seemed that we started on the outside circle and after circling around a while—Yes we were sober, we had our chaplain, George Hughes in the car—we finally drew up to a parking space about three quarters of a block from the field house and then with a mad dash we made it for the entrance and landed there nice and wet. George Palmer acted as a greeting committee and our felicitations were so loud and friendly that the chair had to tell us to "lay off."

Man, it may have rained that night, but was it a meeting, it was—Joe Bernhardt knows how to run meetings and Tom Davies, the chief speaker of the evening knows his English—both words found in and out of the dictionary. In another column I'll give you the hokey about the meeting.

Thirteen of us made the trip—we will put up the list on the bulletin board of the Legion home. Now having thirteen men go to a district meeting in a driving rain, is something to be proud of and it showed the district that Merle Guild Post is still in it and going strong.

Look on the bulletin board of the Legion home and find out what committee you are on and then strut your stuff. The committee chairmen appointed to date are—Membership, Griffith; Americanism, Pope; entertainment, Page; finance, May; legal, Hoss; service, Engleking; visiting, Hughes; athletic, Bowlin; Boy Scout, Ballard; employment, Kurtz; and our past commander Browne, as Judge Advocate. George Palmer will handle

graves registration and Memorial day and Jim McElhose is our color sergeant.

A rising vote of thanks was given Frank Ballard for his splendid work in seeing to it that our troop of Boy Scouts were able to be at the Boy Scout encampment over Armistice day.

What do you say about starting a Sons of Legionnaire's in our post. If in favor of it get in touch with Charlie Miller. Don't forget the dinner on December 11 at the Legion Home at which the V. F. W. and all veterans will be the guests of honor. Spath will have his accordion there and yours truly will try to enveigle Al Adams of the Vets to bring his mouthpiece—sure we will have a good time and we are figuring on you and your service friend being there.

Auxiliary Notes

The meeting of Merle Guild unit was held Tuesday night and was attended by 23 peppy members, for everybody seemed to be filled with enthusiasm. Three new members were present Mrs. Chas. Page, Mrs. Forrest Nichols and Mrs. Krogman, also we were very happy to have with us two of our members who have not been out for a long time, Mrs. Whittemore and Mrs. Easton, happy to have them back.

Mrs. Pope, hospital chairman, told us about the Christmas plans of the State Department to give each veteran in all the hospitals of the state their choice of either

socks, handkerchiefs, tie, or slippers, a generous amount was contributed by our unit to the department treasurer to help pay for these gifts. Our unit is playing Santa Claus to 80 veterans in the U. S. Veterans hospital at Elgin, Ill. 80 boxes are being filled with fruit, candy, gum, nuts, cigarettes, cookies, talcum powder and anything else we might get contributed, so if you are called on for a donation, you will know it is for a very worthy cause. The slogan for this year in Rehabilitation work is "Let Us Give That They Might Live." Mrs. Pope would like used playing cards, old silk stockings and carpet rags to take to the hospital, so the boys might keep their hands and minds busy, just call her at 445-J, and she will be glad to pick them up.

Community Christmas parties are being given all over the Cook county by the American Legion auxiliary and the party for our district is to be held in the American Legion Home at Des Plaines, Dec. 20. Merle Guild unit are helping to sponsor this party and are sending 27 needy children under 12 years of age from Arlington Heights, each child will receive a gift from Santa and there will be a lovely program to amuse them.

A Christmas gift will be sent to Lila Lee, our orphan that we are sponsoring at the home at Normal, Ill.

Don't forget to mark January 10 down in your date book for Merle Guild Unit are giving a card party and dance, watch this paper for the place, I know you will have a good time. So long—will be chatting with you next week.

MAC SAYS

—By—

Gerald A. McElroy

Who Will Win

Who will win the conference? Answering that question is a big order for lots can happen through three months of basketball. However we can give you an idea of what the coaches think about it and that about expresses our own opinion. Can Barrington, Libertyville and Palatine who tied for the top last year repeat their feat? Perhaps not, but all three are conceded to be among the four leading contenders.

A survey of the coaches of the conference while not complete, leads to the conclusion that Barrington is the favorite with Leyden next in line and Palatine and Libertyville for third. We feel that Barrington has the best five, but if you expend the number to seven or ten that Leyden has the best material of the league, and on that basis has an even chance with the Bronchos. On the other hand Leyden has a tougher schedule in our opinion.

Libertyville and Palatine look like the next two in line with both rated so because of inexperienced material, but every possibility of knocking out the Bronchos and Eagles. New material will determine their positions.

Below the first four it looks to us like Antioch has the edge with Warren, Arlington, Bensenville, and Wauconda following on about even terms. Ela looks like the tail ender for they have the poorest material and the hardest schedule.

Height is a great asset in basketball. The four teams rated as strongest are tallest as each boasts of three men over the 6 foot mark.

Libertyville tops the league for the size of their basketball squad with 75 receiving instruction, while Arlington has 70 boys practicing. Leyden and Palatine have 40 out for the cage sport, Barrington and Warren have 30 and Bensenville 25. No report was received from Antioch, Wauconda and Ela.

Basketball For All

One of the finest features of basketball in the Northwest Conference we believe is the policy in nearly all the schools of providing every boy who is interested with an opportunity to play. Almost all the schools have intramural basketball leagues, freshmen teams or some arrangement where basketball is offered for every boy. This in our opinion, is a very commendable policy and will not only be appreciated by the boys, but pay big dividends in improving the quality of play in the league.

Because of conflicting events in the town, Libertyville and Palatine changed the site of their first meeting to the Pirate court. As a result Serffling of Oak Park, the official hired by Libertyville, will officiate at Palatine tonight. Later when the two teams meet at Libertyville, an Elgin man employed by Palatine, will referee.

Lightweights A Puzzle

Probably least mentioned and the hardest to predict would be the winner of the lightweight division this year. Some of the schools because of large size must keep 10 boys on their heavyweight squad who cannot play in lightweight games. Other schools keep only seven out of the regular game, thus allowing more leeway in the use of first team subs on the lightweight team. Palatine and Leyden finish in a tie for the lightweight title and both look to us like possible repeaters. Arlington and Libertyville, with huge squads should be represented by strong teams in the junior division.

Looking Far Ahead

Elgin won a thrilling overtime battle for Evanston last week 34 to 28. Evanston has one of the tallest teams in the suburban area while Elgin's veterans are nearly as tall.

Woodstock almost doubled the score on Maine township high in winning 27 to 15 recently. Looks like some classy competition at Crystal Lake district tournament if these results mean anything.

Plan Full Coverage

Through the co-operation of the coaches of the conference we expect to have a full coverage of conference basketball each week of the season. All have agreed to send in box scores and particulars of their home games for a small consideration. We are open to and welcome criticism at all times. One conference coach writes, "You are doing a good job Mac" and another says, "We like your column and you have the best sport page in this section."

These sound nice, but we appreciate just as much the criticism of another who warns us against making the page top-heavy with Palatine-Arlington news and points the way to making the page truly representative of the conference. This is a mighty good aim and with the co-operation of the coaches we hope to make it a reality.

Decorate for Christmas

Downtown Barrington is to be decorated with lighted Christmas trees for the holiday season in a plan sponsored by the local Lions club and with each merchant paying for a tree and light installation.

BASKETBALL SEASON OPENS TONIGHT

LIBERTYVILLE AT PALATINE IS BIG GAME

Barrington, Leyden, Palatine, Libertyville Rate Most Powerful Fives

TONIGHT Libertyville at Palatine Arlington at Antioch Bensenville at Warren Ela at Barrington Leyden at Wauconda

By GERALD A. McELROY

For the only time in the Northwest Conference basketball season, the 10 teams of the loop will enter tonight's games on an equal basis. As the lid is pried off the cage card three of the four most highly rated teams are expected to get the jump on the field.

The coaches rate Barrington, Leyden, Palatine and Libertyville as the strongest teams, and one of the last two named will start out with a defeat in the game at Palatine tonight. The Pirate-Wildcat tilt is the feature game, on tonight's card with prospects even. Barrington entertains Ela, Bensenville travels to Warren, Arlington journeys up to Antioch, and Leyden opens at home with Wauconda in the other four games.

The Palatine-Libertyville tilt should be quite a battle. The two teams tied for the top last year when Palatine lost twice to the Wildcats who in turn were downed by Barrington and Arlington. Libertyville has only Isaacson, 6 ft. 2 inch center, from their team of last year. The Wildcat's lone letterman is a big boy weighing 185 pounds and a high scorer. Lightweights from last year who will assist Isaacson are Jaeger, Melendy, Worthen, Brown and Bennett. Other outstanding candidates are Dorfler, Peterson, Fritz, Langworthy, Harlan and Madden.

A Good Start

Coach Jack Martin's team has made a good start with victories over Dundee and Waukegan. Martin's boys won the district tournament last year and will be a leading contender of the conference without a doubt.

Palatine has played several practice games and while not having the high scoring possibilities of last season appears to have a well balanced outfit capable of playing consistent ball. Reuse, 6 ft. 2 inch forward and Hahnfeldt, 6 ft. 1 inch center are the veterans. Four other boys, Kruse, Engelsing, Helms and Perry appear to have the edge in the race for the three vacant posts. Engelsing and Helms were lightweight guards last year, Kruse played both forward and guard and won a major letter. Perry was a lightweight reserve, but has won consideration for his ability to sink baskets in which he is second to none on the squad.

The Pirates will not be as tall as last year, but are aggressive and good team players. They have lost to the Alumni and a couple of practice games to Evanston, but hope to start the conference season with a victory tonight realizing that this is one of the most important contests of the year.

Bensenville at Warren

Bensenville opens at Warren tonight. The Gurnee team, like that of the loop, is not exactly blessed with veterans having only Kenzie Zimmerman from last year. Zimmerman is a senior guard weighing 180 and standing 5 ft. 9 inches in height. He was one of the stars of the conference last year.

Coach Bob Kelton has five lightweight lettermen to use in filling the first team vacancies. Dixon, R. Rosene and L. Rosene are forwards, Wells a center and G. Brya a guard. Warren will again be handicapped by lack of height as only Wells is six feet tall.

Warren has looked good in practice games with Antioch and Wauconda. Kelton may have the surprise team of the loop and at any rate has a contender for first division honors.

Bensenville has two regulars from last year in Jennings a senior forward and Capt. Freeman a junior guard. Kunaman and Koske, forward and center respectively are other heavyweight lettermen from last year who saw action as reserves. Pilgrim and Kounanoff, a pair of lightweight forwards, are expected to help guard standpoint. Franzen, six foot guard, is another leading contender. Bensenville, like Warren, has only one tall player on the squad in Franzen.

Barrington Meets Ela

Ela will have little chance

Eagle Five Shows Class In Non-Conference Game

NORTHBROOK ALUMNI DOWN PIRATE TEAMS

Graduates Defeat Regulars 22-16 With Same Style of Playing

Palatine suffered a double defeat in their first scheduled games of the season when Northbrook won from the lights 14 to 12 and a strong Alumni team turned back the Pirate regulars 22 to 16.

With both teams missing numerous shots, Northbrook and Palatine battled through a see-saw contest with neither team having at any time a lead of more than three points. Palatine's field goal gave them a 5 to 4 lead at the first quarter after Mangels had started the scoring with a field goal on the opening tip off. Northbrook held a 10 to 9 lead at the half, but the score was dead locked at 11-11 at the three quarter point. Northbrook played without Capt. Borchardt their high scoring forward.

Both the Pirates and the Alumni played a slow cautious style of game during the first half and neither was successful in puncturing the air tight zone defense of the other. The high school was ahead 2 to 1 at the quarter on free throws by Reuse and Kruse. After Beckman had scored for the Alumni and Reuse for the Pirates, George Smith tipped in a long goal just before the half to give the graduates a 7 to 5 lead.

It was Krambler with two field goals and two free throws who was most responsible for a lead of 18 to 11 run up by the Alumni in the third period. Perry of the high school scored a field goal and two free throws while Helms dropped in a free throw to keep the school in the running 18 to 16, but Blankenship and Meyer put the game on ice in the closing minutes.

Both teams took 30 shots at the basket with the Alumni scoring seven and the high school five. The Alumni made eight out of 13 free throws and the high school six out of 15.

against Barrington tonight. Probably the strongest and the weakest of the loop are meeting in this game. Ela lost most of their material last year by graduation and it looks like a lean year for the wearers of the blue and white of Lake Zurich.

Arlington goes to Antioch as the underdog for the first time in years. The Cardinals have only Steve Szasz and Albie Brodman from last year. While these boys are mainly good players it is doubtful whether Brodman will see regular action because of illness. Albie is the Arlington captain and one of the best men in the conference.

Antioch has a team which includes several veterans from a team which played good ball last year. Bishop and Steffenberg are the Antioch stars who give the Indians an edge over the Cardinals.

Leyden is a favorite over Wauconda. The Eagles have height and experience with five major lettermen of whom five top the six foot mark. Kossack, 6 ft. 2 inch center heads the list of veterans. Capt. Williams and Sax are small forwards but Kadon is a six foot guard. The fifth man is Hackett who has transferred from Antioch where he was a forward on the first team. His 6 feet 2 inches will be a big asset to the Eagle offense. Chapp, a rangy forward from the 1933 regulars, will be eligible the second semester.

LEYDEN WINS PRACTICE TILT FROM PIRATES

Heavies Win 26-20; Lights Triumph 28-14 on Home Floor

Palatine dropped a pair of non-conference games to Leyden at Franklin Park Tuesday night by scores of 28 to 14 and 26 to 20.

The heavyweight game which the Pirates lost 26 to 20 was close all the way with a half time score of 15 to 12. The final was the greatest margin Leyden had any time in the game.

Matusok who has moved up from the lightweight ranks, and Kadon, a veteran guard, were high scorers for the Eagles with ten and eight points respectively. Capt. Williams also scored three baskets.

Hahnfeldt with three field goals was most prominent in the Palatine attack, but every starting player scored at least once.

Leyden held a decided margin all the way in the lightweight tilt in which the Pirates used 12 and the Eagles 10 players. Foster, lanky center, and Mangels, speedy forward, scored all but two of Palatine's points. Foster had three baskets and a free throw and Mangels two baskets and a free toss. Jackson, Leyden center, was high scorer of the game with 10 points. But Steingraber, Nelson, Long, Sevoksi, Zuperku and Green also broke into the scoring column.

Palatine, Leyden Lights Tied for 1933-34 Title

In the lightweight division, two teams tied for top position last season and four teams ended their schedules in a tie for second place. Palatine, finishing in top place in both light and heavy divisions, is the only school ever to have won both trophies in one season. Final lightweight standings last year were:

Leyden	W. L. Pct.
Palatine	10 2 .800
Libertyville	7 5 .583
Arlington	7 5 .583
Antioch	7 5 .583
Barrington	7 5 .583
Warren	6 6 .500
Bensenville	3 8 .375
Wauconda	1 10 .100
Ela	1 11 .083

Three Teams Won First In 1933-34 Cage Season

Three teams tied for first place in the Northwest conference basketball heavyweight race last year, and another trio tied for second place. Final standings were:

Leyden	W. L. Pct.
Barrington	10 2 .800
Libertyville	10 2 .800
Palatine	10 2 .800
Arlington	7 5 .583
Leyden	7 5 .583
Warren	7 5 .583
Bensenville	4 7 .364
Wauconda	2 10 .167
Ela	0 12 .000

Leyden will have some wonderful lightweight material from last year's championship team with such men as Matusok, Thompson, Sell, Robertson and Larson liable to break into the regular lineup. It looks like a big season for Leyden and the teams not on the Eagles' schedule are happy.

BARRINGTON IS FAVORITE FOR CHAMPIONSHIP

All of Last Season League-Leading Regular Back on Broncho Squad

Barrington is the favorite to win the conference cage title this season with all five of last year's championship regulars returning. Head Coach Paul Clark has a classy quintet in forwards Etters and Conn, Latta, center, and guards Workman and Mollenkamp. All are seniors except Latta, and three of them tower 6 feet or over in height.

According to the Barrington coach the greatest problem this season will be lack of capable reserves to assist the veterans. Barrington is "on the spot" so to speak as everyone expects them to win the title. They have some tough competitors to down before this can be done including such teams as Leyden and Palatine which are rated highly by the coaches.

Clark will pick his reserves from among six of the letter winners of last year's lightweight team coached by T. C. Hosford. The six lightweights, all of whom are seniors, include Wallace, Overhue, and Osborne forwards, Kuhlman, center, and Wendt and Wichman, guards. Grabenkort, a lanky sophomore, is another player who may see action with the heavyweight team.

Barrington has not looked impressive in two pre-season games in which they defeated the Alumni 18 to 17 and beat Tully high of Chicago 20 to 18. Last season Barrington won 10 and lost 2 to tie with Libertyville and Palatine for first place. They were defeated only by Libertyville and Bensenville during a period when Latta, star center, was ill.

Barrington ran up a number of top heavy scores by employing a fast break featuring Conn and Etters and some good under the basket pivot plays with Latta doing the scoring. Barrington's guards were good scorers at long range and the whole team is dangerous from any distance. Anyone who hopes to cop the title will have to beat out the Bronchos.

BENSENVILLE IMPROVES IN EARLY GAMES

Heavies Down York 27-24 Tuesday in Return Game After Earlier Loss

Bensenville teams have taken part in a few unimportant pre-season games and although they were defeated, show signs of coming along nicely.

November 24, they met York and the heavyweights were defeated 36-21. The lightweights took their game 25 to 21. Nov. 28 Bensenville teams journeyed to Leyden and there lost both games, the heavies 26 to 18 and the lights 21 to 20. None of the teams showed the pep and push that they are expected to put forth when the conference games start.

November 30, Bensenville high met the Alumni and the old timers were victorious by a 53 to 39 score. For a time it looked as though the Alumni boys were not going to hit their former day strides till to late, but before the end of the first half they took a 2 point lead and after that the present high school team could not stop them. They began showing some of the stuff Coach Johnson had in his line-up a few years back.

Tuesday evening Coach Johnson took his teams to York at Elmhurst for a return game and the outcome was just the reverse of the first meeting. The heavy team won 27 to 24 and the lights lost 32-2. This upset is explained by the fact that three of the boys who took part in the former second teams game had improved to the extent they were placed on the heavy team lineup and are going great.

They were lost to the second team but gave their added strength to the first team.

LARGE SQUAD OUT FOR TEAM AT ARLINGTON

Cardinals Do Not Meet Libertyville, Leyden, Palatine: Face Good Season

Arlington Heights Cardinals, winners of the conference tournament last winter, are minus several important cogs from that team. Nevertheless a large squad offers able replacements for every position. Weisgerber should carry the load at center very capably, getting the tip-off over a majority of his opponents. Hertel can be counted on for consistent scoring, with the ever-present threat of cutting loose with a big night. The other forward will be Gieseke, Niebuhr, or Milligan. Milligan has the best equipment of the three, with height, and size all in his favor. Gieseke is a hard driver and fighter. Niebuhr is much the smoothest player and coolest thinker. The type of opponents will determine which of these boys plays any particular game.

Szasz, Rohlwing, and Schulenburg are chief contenders for the guard position, each with certain advantages. Schulenburg is dangerous on offense, especially on long shots. Szasz and Rohlwing are hard driving, tireless players, fast on both offense and defense. The former is a dangerous dribbler, cracking through for short shots and frequent baskets. Don Johnson, a rangy junior, may crowd in for a forward position, or he might get a place at center. Captain elect Brodman is out of it this winter, because of ill health.

Coach Grose has several reasons for optimism concerning the coming season. A break in the schedule makes it unnecessary for Arlington to play three of the strongest teams in the conference, Palatine, Libertyville, and Leyden. Ruggedness and speed in the back court coupled with a tall center and forward, both basket-enters, will make the Cardinals dangerous throughout the game.

NEW PLAN OF PAYMENT FOR MILK ADOPTED

Four Classes Set Up; Aids Producers in Drought Area

A new method of payment for milk to the members of the Pure Milk association became effective December 1, when Henry W. Wallace, U. S. secretary of agriculture, signed the amendment to the Chicago license Saturday night. This was brought about by the efforts of the committee of four officials of the association who have been in Washington for the past two weeks. They are Manager D. N. Geyer, and Directors L. M. Mullooly of Clinton, Wis., G. H. Ekhoft of Grant Park, and G. L. Morgan of Westville, Ind.

The new license specifies that milk will be paid for in four classes. Class I will be the percentage of basic milk as represented by dealer's fluid sales. Class II is that percentage of the remainder of Class I basic milk used by dealers in their cream sales. Class III is for such milk as used for ice cream or actual manufacture of evaporated milk; while Class IV represents surplus milk.

The new plan is especially adapted to producers within the drought area as it will enable them to ship only that percentage of basic milk as represented by the relation of sales in Class I to the total base on the market. This places a producer, who is short of feed, in a position to dispose of some of his cows and yet receive the high dollar for the percentage of basic milk which he ships, rather than the blended price as heretofore.

SAVE LIVES. GIVE EMPLOYMENT

The number of fatal accidents at grade crossings is appalling in spite of gates, flag signals and even with flagmen on the job. One of the amazing features is the number of accidents where motorists drive into trains. We believe the statement is correct that a great majority of all crossing accidents are due to carelessness on the part of drivers.

There are dangerous grade crossings in every section of the country; there is likewise unemployment in every section. Each is a problem. Why not play one against the other and in this way help to solve both problems?

There is no reason for throwing a large share of the cost of grade separations on the railroads. The people who use the highways cause most of the accidents and there is no justice in taxing the railroads to improve roads to enable their competitors—buses and trucks—to make faster time and take away more business.

Grade separations should be paid for mainly out of gasoline taxes. In this way the people who derive the most benefit would contribute most of the cost.

This would be a wonderful time to make grade separations for where the government is trying to find employment. The only additional cost for such improvements would be material used—and producing the material will give employment to others.

Rather than build roads that are really needed or putting in cement pavement where an all-year gravel road at a portion of the cost will give adequate service, why not put in more grade separations and reduce the number of crossing accidents while providing work for the unemployed, killing two birds with every dollar?—LaGrange Citizen.

ed to producers within the drought area as it will enable them to ship only that percentage of basic milk as represented by the relation of sales in Class I to the total base on the market. This places a producer, who is short of feed, in a position to dispose of some of his cows and yet receive the high dollar for the percentage of basic milk which he ships, rather than the blended price as heretofore.

The cream clause specifies that a distributor must purchase his cream in an amount equal to 35 per cent of his basic fluid milk requirements before he can go to a producer without an established base to purchase cream. This materially strengthens the producer's position as it permits him to sell a larger volume of basic milk. This class of milk known as Class II is paid on the basis of 92 score Chicago butter plus 10 cents.

The license provides that any further supply of milk used for the manufacture of ice cream or actual manufacturing of evaporated milk will be paid for as Class III, which is 92 score Chicago butter plus 8 cents times 3.5. Payments, however, for Class II will be the blending of Class II and Class III prices.

New License Clause
Should the producer continue delivering more than the market can consume, the balance of his production will be sold as Class IV, which is 92 score Chicago butter times 3.5 plus 4 cents.

It now becomes a violation of the license when the actual producer of milk sells his product to a violator of the license. This latter clause is entirely new and adds materially to the strength of the license, as the milk producers may be convicted for violations of the code under this clause.

While the amended license permits the producer to take advantage of drought conditions, it does not affect the cost of milk to the distributor, as he will continue to pay on the same plan as heretofore—which is in accordance with the use to which the milk he purchases is put. Also, a distributor is not affected by the cream clause except as he used milk up to the limit within 35 per cent.

Chorus Concert To Be Given Sun. Afternoon

The long looked for concert of the Maine Civic orchestra and Community chorus will take place at 3 o'clock Sunday afternoon in the gymnasium of Maine high school, Dempster street and Potter road.

These two organizations have been very active for some time in preparing a program which they hope will appeal to every type of music lover. Not only will the orchestra play the first two movements of Beethoven's First Symphony, but music of a lighter character will also be played for those who prefer selections of that kind. The chorus, also, has decided that they will not fail to please the most fastidious, and so they will present Mendelssohn's magnificent "Farewell to the Forest" and the adorable "Lieberstrum" by Franz Liszt, besides other selections.

First Barrington Barber On Job Past 54 Years

Barrington's first barber is celebrating 54 years of work, all of which were spent on the same street, although a fire which destroyed the block in which his business was located caused a change of location in 1893.

He is William Grunau, 73 years old, whose wife is the former Annie Meier of Palatine. Mr. and Mrs. Grunau celebrated their golden wedding last fall. They have lived in the same house the past 47 years.

Before Mr. Grunau came to Barrington, a Palatine barber visited the town every Sunday. Barrington then had 700 inhabitants. Haircuts were 25 cents, shaves 10, and mustaches dyed for 35 cents.

Arlington Girls Lose To Lake Zurich Five 13-7 Tuesday Night

The Lake Zurich Girls' basketball team, led by P. Soderburg, defeated the C. A. C. team from Arlington Heights, by a score of 13 to 7, Tuesday night, at Lake Zurich. The winners were stronger, more rugged, and found the home floor much to their advantage. Several of their baskets were scored on quick pivot shots.

The C. A. C.'s displayed a superior passing game, some excellent block plays, and during most of the game, a fine defense. Their shooting was very poor, and frequently hurried by the airtight Lake Zurich defense.

P. Soderburg scored three field goals and a free throw before leaving the game on personals. M. Frank's powerful defensive work was a strong factor in the game. For the C. A. C. team Captain Diederich dominated the play with fine defense, and a coolly directed passing attack. She failed to break in to the scoring column only because her two baskets were ruled out.

Holte on offense and M. Bird on defense, were of great help. Boyles was in for a part of the fourth quarter and showed by her aggressiveness, speed, and headwork that she will be of much value to the team.

The C. A. C.'s expect to schedule a game for next Tuesday at the Presbyterian gym. The opponents have not been definitely selected yet. The regular league play will begin the following week.

CCC WORKERS BUSY AT JOBS IN DEER GROVE

205 Boys Landscape, Build Bridges, Paths, Fire Breaks

By JACK HOAG

The first three weeks work in the CCC Camp Deer Grove, State Park 38, at Palatine, was seriously handicapped by lack of trucks and equipment due to the fact that the camp was opened and men moved in two weeks ahead of the schedule, but this time was not lost. In the five weeks that the camp has been in active operation a great change has been made in the Deer Grove forest preserve.

Under the direction of Frank H. Nelson, national park service superintendent, the 205 enrollees have made a fine start on the intensive program which includes landscaping the preserve, building bridge paths and bridges, and constructing fire breaks as a safety measure in case of a bad forest fire. These breaks alone might result in a saving of all the standing timber in the preserve and guarantee a perpetuation of one of the most beautiful parks in the district.

Further activities include the construction of a new dam for flood control and better bathing beach facilities. This work also includes the dredging and resurfacing of the new beach and, when finished, will give Deer Grove one of the finest bathing beaches in the district. Progress has been made in erosion control by sodding exposed slopes and grading the ditches along the roads and this sodding will add greatly to the scenic beauty of the preserve.

Work Under Way

Work which was delayed by order of higher authorities is now under way in the camp area. This includes the construction of roads, walks, drainage, and the landscaping of the entire camp area and Camp Deer Grove, now compares favorably with any of the other National Park camps in Illinois. We hope in the near future to be able to extend a cordial invitation to the general public to visit and inspect the camp and judge for themselves how we are expending the funds appropriated.

Capt. A. H. Arenz took over command of the camp November 21, relieving Lt. E. M. Burns, who is remaining with the company as second in command. Capt. Arenz was formerly located at Camp Riley Creek, 12th Forestry district, at Fiefield, Wis. The duties which Capt. Arenz has assumed cover everything from disciplining the enrollees to the minutest detail of camp life.

Gain 18 Pounds

The boys are gradually finding themselves and are falling into the regular routine of camp life. It is estimated that the boys have gained on the average 18 pounds each and are taking an active interest in the educational work, the care of the barracks, and in improving the general appearance of the camp. Most of these boys are well educated, self respecting members of the community and, as a result, the morale of the company is high.

Under the direction of Dr. R. A. Beam, a number of classes are held in the mess hall each evening after work and these classes cover subjects in elemental and high school work and vocational occupations. These classes are largely attended and the educational department of the camp is doing wonderful work.

Approximately 90 per cent of these boys come from families on the relief rolls of the state and were themselves unemployed. The many aspects of the project point to the fine use being made of the funds provided by the federal government and the boys will leave Camp Deer Grove better physically, mentally and morally as the result of their stay here.

Arlington Grade School Season Opens Next Week

Arlington Heights grade school basketball team opens its season next week on their home floor in a game with Dundee.

The school's complete schedule is:

Dec. 14, Dundee at Arlington.
Dec. 18, Arlington at Barrington.
Jan. 11, Crystal Lake at Arlington.
Jan. 18, Arlington at Palatine.
Jan. 25, Cary at Arlington.
Feb. 1, Woodstock at Arlington.
Feb. 8, Arlington at Dundee.
Feb. 22, Barrington at Arlington.
Mar. 1, Arlington at Crystal Lake.
Mar. 8, Palatine at Arlington.
Mar. 15, Arlington at Cary.
Mar. 22, Arlington at Woodstock.

Arlington Girls' Five Plans Hardwood Season; Frank Szasz Is Coach

The Arlington Heights Community Athletic club will again be represented by a team in the Northwest Suburban League. This league, composed of girls' teams, plays in two divisions, north and south. After the regular schedule is completed, the teams leading the two divisions, will play for the championship of the whole loop. The Arlington girls have changed from north to south section for the coming season.

Several experienced players have returned and new members have been added. Miss Bernice Diederich will again captain the team. Miss Lois Boite, Miss Gertrude Weinrich, Miss Lois Baskin, Miss Mary Bird, Miss Ruby Bunn, Miss Josephine Brodman, and Miss Esther Kastning are the other returning veterans. Miss Chick Haupt, Miss Myrtle Thomas, and Mrs. Beatrice Jahrling Boyles are the additions to the team. Two former players will not return and will be greatly missed. They are Miss Belle Bird and Miss Bernice Perrin. The work of coaching will be in the hands of Frank Szasz, who for four years, has starred in local high school athletics.

The C. A. C.'s will play all home games on Tuesday nights at the Presbyterian gymnasium. Flashy new suits were purchased out of the proceeds of a movie sponsored by the club. The team finished third in their section of the league last year.

AMERICAN LEGION

9th District News

The last district meeting was held at Norwood Park Field House, Tuesday, November 27, 1934. That night it rained and rained hard; however, it did not stop the meeting from having a 100 per cent turnout of posts and for that our Commander Joe Bernhard wishes to extend his thanks.

The highlights of the evening were the reports of our delegates to the National convention at Miami. Francis Scully spoke first and told us about the business meetings held there. Cecil Paxton told us about Miami and all about his trip to Cuba where he had the pleasure of talking to Colonel Batista, military dictator of Cuba and the man who makes and breaks presidents of that country. Charles V. Falkenberg told us how the different committees made up their reports to be submitted to the convention and of the Illinois delegation's efforts to have the National Convention budget its convention expenses.

Commander Bernhard presented our retiring Commander Francis Scully with a gold watch in appreciation for Scully's splendid work as Commander of the district in the past two years.

The ninth district again leads the state. We are the first district to show over 50 per cent paid up members.

The principal speaker of the evening was Tom Davies. Tom is a dynamic speaker and has that rare trait of holding every one's attention throughout his entire talk. Tom's command of the English language includes all words found in and out of the dictionary.

Both Commander Matt Murphy and Vice Commander Sid Holzman of Cook county council, were on hand and gave short, snappy talks.

On January 12, the district will hold a dance at Cicero and North avenue, this will be known as the Quota Dance at which time Geo. Rohde, our Senior Vice Commander and membership chairman hopes to have a 100 per cent membership. He is looking to your post to be in line.

NINTH DISTRICT AMERICAN LEGION AUXILIARY

The Ninth District board meeting will be held Tuesday afternoon at Des Plaines Legion house at 1:30 p. m. Many things of importance are to be discussed.

Club 20 Years Old

The Barrington Woman's club celebrated its twentieth anniversary at a program Wednesday night.

MORE ABOUT Arlington Team

(Continued from page 6)

Momentum from the football season should carry the team well into the winter. With a few early victories under their belts, the boys would be strong contenders.

The first home game of the conference season will be played next week when Barrington will play on the Cardinal floor. Records of the past few years point to a bitterly fought battle. Fans should get a good line on Arlington prospects in that game.

The lightweights are an unknown quantity, made up of a group of pretty good frosh and sophs.

WHEELING

Friday readers are reminded of the comedy-drama which will be presented at Childerley hall that evening beginning at 8 p. m. Local talent composes the cast of "Tea Toper Tavern," which runs a full evening, and promises plenty of laughs. Admission will be 25 cents a person.

Mr. and Mrs. Chas. Becker and daughter, Marjorie, spent Thanksgiving and the week-end with friends in Indianapolis.

The Underwood and Schultz families of Glen Ellyn were Thanksgiving guests at the Kruse home.

The Frank Hodge family spent the holiday with relatives in Chicago.

Christmas Good Turn

Barrington Boy Scouts are doing a Christmas good turn by repairing broken toys to be given to poor children. The toys are donated by townspeople, materials and working quarters by the American Legion Auxiliary.

Have 25th Anniversary

The Woman's Union of St. Paul church in Barrington celebrated its twenty-fifth anniversary at church Sunday and at their meeting yesterday afternoon.

Children's Christmas party Dec. 23, 1934.

The last regular meeting of the Park Ridge Aerie disclosed something very interesting to all Eagles and the general public at large.

First: When the worthy president, Wesley M. Cleveland, asked and was granted the permission of the Aerie, to personally investigate the names of brother Eagles who are in dire need, and furnish them with a Thanksgiving basket at the expense of the lodge.

Second: The encouraging report of the Aerie physician which read that he has given service to the families of over twenty members, which claim was highly satisfactory.

Third: A motion made and carried that a Christmas party be furnished the children whose father is a member of the Park Ridge Aerie, Sunday afternoon, December 23.

Although this Aerie is but three months old, it has stepped right in line with the older Aeries.

The deadline is soon drawing near for those who wish to become members of this fast growing humanitarian organization on the January 8 initiation class, which will be known as Arlington Heights class.

Plum Grove School

Elroy Nolting, Editor

We held our Achievement meeting on Wednesday this week because of the holidays. We had a Thanksgiving Day program.

We are starting to work on our Christmas program next week. Our program is Friday, Dec. 21, at 8 p. m. We expect a visit from Santa again.

Herbert Noftz has had one hundred in spelling all the month of November.

Our card and bunco party was a success. We made \$30.00 profit. Mr. Newman of the Plum Grove subdivision, won the turkey. The chickens were won by Mrs. Hendricks and Miss Gieske.
